The **MetroConnect** program is a partnership between Hennepin Technical College and Metropolitan State University. As a MetroConnect student, you can earn your Associate's degree at HTC and proceed on a direct path to Metro State to earn your Bachelor's degree. Supportive academic advisors at both HTC and Metro State work as a team to ensure a seamless transition and student success. See <https://www.hennepintech.edu/enrollment-services/bachelors-degrees.html>

PROGRAM INFORMATION AND STATEMENT OF INTEREST:

Current HTC Program Major: _____

I expect to receive: A.S. Degree A.A.S. Degree Diploma
At the conclusion of: Spring Summer Fall Year: _____

I would like to complete the following Bachelor's degree with the Metropolitan State University partnership:

Organizational Administration:

This degree allows students to apply the core concepts in business: management, marketing, finance, operations management and management information systems. Students will prepare for positions in business, nonprofit organizations, and government, including supervisor, department manager, or agency director.

Individualized Studies:

Through exploration, students design individualized degree plans which reflect and fit their personal, educational and career needs, and incorporate past formal college-level learning and learning achieved outside the classroom.

Undecided at this time:

I would like to visit with a MetroConnect Advisor to explore my options.
