The following information describes the methods that the College takes to communicate the Affirmative Action Plan to employees and the general public:

Internal Methods of Communication

The College will also ensure a representative ratio of diversity is on all marketing materials.
- **Signage.** Nondiscrimination and equal opportunity statements and posters are prominently displayed in common public areas. Examples of posters displayed include: Equal Employment Opportunity is the law, Employee Rights under the Fair Labor Standards Act, and the Americans with Disabilities Act Notice to the Public.

Brooklyn Park, MN55445

Job Category Analysis

Minnesota Administrative Rules 3905.0600 Subp 3.A and Minnesota Administrative Rules 3905.0600 Subp 3.B

The College conducted a Job Category Analysis to determine the percent of protected group employees and veterans in each job category. The job category analysis lists job class titles in each Equal Employment Opportunity (EEO) job category at the College. A job classification is a group of one or more positions with similar duties and responsibilities. These classifications help clarify positions within the class so the same schedules of pay can be applied with equity to all positions in the class that fall under the same, or substantially the same, employment conditions.

Determining Availability

MS 43A.19(b), MS 43A.19(c), Minnesota Administrative Rules 3905.0600 Subp 1, Minnesota Administrative Rules 3905.0600 Subp 2, Minnesota Administrative Rules 3905.0600 Subp 3C, and Minnesota Administrative Rules 3905.0600 Subp 3D

The College used the United States Census Bureau's EEO Tabulation 2014-2018 American Community Survey (ACS) statistical data for external availability, which is the most current statistical information available at the time of developing this affirmative action plan. The feeder job statistics of employees are used for internal availability (refer to Appendix D. Feeder Jobs for details).

These external and internal factors are weighted according to the College's past hiring patterns and/or future recruitment focus to obtain the final availability (Refer to Appendix E. Determining Availability for details).

Utilization/Comparing Employees to Availability, Goal Establishment, and Timetables

Minnesota Administrative Rules 3905.0400 Subp 1 Item G, Minnesota Administrative Rules 3905.0600 Subp 3, Minnesota Administrative Rules 3905.0600 Subp 4, and Minnesota Administrative Rules 3905.0600 Subp 5.

Utilization is an analysis of affirmative action and equal opportunity employment data used to assess the available workforce for a given state.

Underutilization Analysis worksheets are attached in the appendices. Numbers less than 10 are indicated with "<10" in accordance with Minnesota Management and Budget's guidance on data privacy.

Through the utilization and availability analysis, the College has determined which job categories are underutilized for females, racial/ethnic minorities, individuals with disabilities, and veterans in the College and has set hiring goals for the next two years. Hiring goals are objective and used for making good faith efforts for all aspects of the affirmative action plan. Effective hiring goals are strategic,

actionable, and measurable efforts the College is committed to pursuing and implementing in 2022-2024.

The goals are not quotas, nor do they require protected group or veteran status-based hiring preferences. They are aspirational goals so that the College makes good faith efforts to remove barriers to equal employment opportunity.

The College used the whole person rule to establish a hiring goal. This means when the actual representation percentage of females, racial/ethnic minorities, individuals with disabilities, or veterans is less than reasonably would be expected given the workforce participation in the labor market area/reasonable recruitment area and that difference is at least one whole person (more than 1), then a goal is established for that job category.

When a hiring goal for a job category is established, a percentage goal equals to the final availability percentage is calculated for females, racial/ethnic minorities, individuals with disabilities, and veterans in that job category.

In this Affirmative Action Plan, the College combined the Customized Training job category with Faculty– Temporary. This is a change from the 2020-2022 Affirmative Action Plan. The change was necessary because Customized Training is such a small group of employees that have job assignments at varying times during the academic year. It is more appropriate to capture those employees with Faculty – Temporary.

In Appendix F. the Utilization Goals indicates if a job category by protected group or veterans is underutilized.

Area(s) in the College’s workforce that require further monitoring appear in the “Establish Goals?” column as:

- “Yes”: there is underutilization.
- “Monitor”: The College needs to monitor the job it may be underutilized where employee movement occurs.

In Table 2. Hiring Goals by Job Category, Protected Groups and Veterans, if a protected groups or veterans in a job category shows “Monitor,” the College will proactively make good faith efforts to recruit external qualified protected groups and veterans. The College will also train and retain employees in the job category to help prevent underutilization due to an employee move or attrition.

Refer to Appendix F. Utilization-Goals for details for underutilization and hiring goals.

Table 2. Table two is a summary of Hiring Goals by Job Category, Protected Groups or Veterans. The actions the College will take to address these hiring goals will be described in the Corrective Actions and Action-Oriented Programs section.

Identification of Areas for Further Monitoring

Monitoring personnel activities can serve as a means of measuring the College's progress toward achieving the established goals in the absence of discrimination and effectiveness of the College's good faith efforts.

Progress Reports

The progress report examines hiring goals established in the prior Affirmative Action Plan. As a part of the College's monitoring practices, the College evaluated if it met the hiring goal(s) established in the prior Affirmative Action Plan (refer to [Appendix A. Progress Report](#)).

[Appendix A. Progress Report](#) includes only job categories that have hiring goal(s) established in the prior Affirmative Action Plan and it evaluates if the College attained the hiring goal(s).

Where the indication of the "Goal Met?" column is:

- "Yes": the College met the goal established in the prior Affirmative Action Plan.
- "No": the College did not attain the goal established in the prior Affirmative Action Plan.
- "No Hire/Prom": there were no opportunities in the prior Affirmative Action Plan period.

Females

The College did not meet the goal to increase hiring of females in the Skilled Craft or Service Maintenance areas and in fact now sees underutilization of females in Temporary and Probationary Faculty. Several things contributed to the underutilization of Females in these areas.

- Very low application rate or no applications from females in positions such as General Maintenance Worker and Building Utilities Mechanic so limited opportunity to correct underutilization.
- College did see improvement in hiring of females in Service Maintenance positions.
- COVID resulted in many more remote/telework job opportunities for females in the marketplace and jobs in the Skilled Craft and Service Maintenance areas are not remote or telework positions. Women who are caregivers and want at home work opportunities do not apply to in person positions at a high rate.
- Low number of overall positions with limited turnover in Protective Service – Non-sworn, Skilled Craft and Service Maintenance positions so limited opportunities to supplement category with underutilized group.
- Budget issues have resulted in the College not backfilling some vacated positions in Service Maintenance areas.

- High level of hire and promotion rate for females for Professionals and Administrative positions but not the same room for promotion in Protective Service- Non-Sworn, Skilled Craft and Service Maintenance positions.
- High level of hire and promotion of Females for Temporary Faculty positions but total number of positions dropped.

Racial/Ethnic Minorities

The College did not meet the goal to increase hiring of Racial/Ethnic Minorities in the area of Unlimited Faculty and now have underutilization in the Administrative Support and Temporary Faculty areas. Several things contributed to the underutilization of Racial/Ethnic Minorities in these areas.

- The total number of Unlimited Full-Time positions and Faculty Temporary positions dropped so we saw less overall hiring in these areas, limiting new hire opportunities to correct underutilization.
- Over 20% of hiring in Faculty Temporary positions was in the Racial/Ethnic minority category but overall number of temporary faculty positions fell over 15% from 96 to 82.
- Faculty Unlimited sees underutilization in not only Racial/Ethnic Minorities but also Veterans so there is competing interests in underutilization hiring categories.
- There was higher promotion rates in Professional positions but not in Faculty positions. This will require further investigation as to why no promotions are happening in this underutilized area.
- Lower promotion of Racial/Ethnic Minorities into Officials/Administrators positions has to be examined.
- Low turnover and low change of promotion in Protective Services – Non-Sworn and Skilled Craft.
- Limited in person recruiting, outreach and job fairs due to COVID which resulted in less contact with candidates in underutilized groups and overall smaller applicant pools and lower number of applicants who were qualified for positions.
- Traditionally lower number of applicants from underutilized group in some technical degrees offered by the college where salary ranges for working in industry are much higher.

Individuals with Disabilities

The College had underutilization in Professional, Administrative and Unlimited Faculty positions and achieved the goal set forth in the prior AAP.

- The College continues to Monitor in almost all job categories so hiring and retention policies will need to be examined and strengthened to maintain goals.

- Connect 700 program has been strong source of qualified candidates.
- Manager training has resulted in better retention of Individuals with Disabilities.
- Very low promotion rate which we will have to examine more closely.

Veterans

The College achieved its goal for hiring of Veterans in the Professional job category. The College continues to see underutilization of Veterans in Faculty Unlimited positions. Several things contributed to this underutilization of Veterans in Faculty Unlimited positions.

- The number of Faculty Unlimited positions available at the college has dropped reducing opportunity to hire in underutilized areas.
- Faculty Unlimited sees underutilization in not only Veterans but also Racial/Ethnic Minorities so there is competing interests in hiring.
- We see an increasing hesitancy of candidates to disclose their veteran status on applications making it difficult to identify and target applicants in this area of underutilization.
- Higher number of veterans hired into Temporary Faculty positions so College should examine how to turn those Temporary Faculty positions into Unlimited Faculty Positions to meet goal.
- The College continues to need to Monitor in almost all categories and hiring, promotion and retention strategies will need to be examined.
- Very low promotion rate of Veterans in all job categories which we will need to examine.

Separations

[Appendix B. Separation Analysis](#) shows the results by separation type the protected group and veterans during the prior affirmative action plan period to evaluate and identify potential action area(s) for retention strategies for the 2022-2024 plan year.

The separation percentages were derived within the separation type by protected group or veterans to identify impact on protected group members including veterans. There are two examinations in this worksheet:

1. The total percentage indicates the percentage by separation type. For example, there were 1,000 separations in total. Of those separations, 150 employees separated due to dismissal or non-certification. The dismissal or non-certification percentage is 15.00% (150 divided by 1,000).
2. The “percentage type¹” indicates percentage by protected group and veteran type within a separation type. For example, there were 150 separations by dismissal or non-certification in total. Of those separations, 80 were female employees. The female dismissal or non-certification separation is 53.33% (80 divided by 150). Therefore, the “percentage type¹” analyzes the percent of protected groups and veterans compromised in each separation type.

3. The “percentage type²” indicates percentages by separation type within the protected group or veterans. For example, there were 500 female separations in total. Of those separations, 80 female employees separated due to the dismissal or non-certification reason. The female dismissal or non-certification separation is 16.00% (80 divided by 500). Therefore, the “percentage type²” analyzes the percent of separation type within the protected group or veterans.

Separation Analysis Summary

There were 110 separations in total.

Of those separations, 4 were due to death of the employee which is 3.64%.

There were separations of 25 employees due to retirement. The retirement percentage is 22.73%.

There were separations of 41 employees due to resignation. The resignation percentage is 37.27%.

There were separations of 16 employees due to transfer. The transfer percentage is 14.55%.

There was 1 employee dismissed from the organization. The dismissal percentage is 0.91%. There were separations of 4 employees due to Non-Renewal or Non-Certification. The Non-Renewal or Non-Certification percentage was 3.64%. There were separations of 3 employees due to layoff and the layoff percentage was 2.73%, along with 2 employees separated due to Reduction in Workforce and the Reduction in Workforce percentage was 1.82%.

There were separations of 14 employees due to termination. The termination percentage is 12.73%.

There was a high retirement rate among the Unlimited Faculty and Temporary Faculty, with 15 of the 25 employees retiring, or 60% of the retirements, being Faculty, 48% in Unlimited faculty and 12% in Temporary Faculty. One of the retirements in Temporary Faculty was female, increasing the underutilization of females for Temporary faculty and 7 retirements in the Unlimited Faculty were female but did not result in underutilization or need to monitor for females in Unlimited Faculty. We are seeing an increase in retirements and a smaller faculty number overall, so will need to be purposeful in hiring to correct and prevent further underutilization in Female Temporary and Probationary Faculty, Racial/Ethnic Minority Temporary and Unlimited Faculty and Veterans in Faculty Unlimited positions.

There were 2 retirements in Service Maintenance and 1 was female. With only 3 Females in this area, this was a 33.33% reduction in females resulting in further underutilization in this area. We have very few female applicants for Service Maintenance positions historically. We will continue to seek external female candidates to work in Service Maintenance positions and work to retain those females that are currently in those positions.

There were 41 separations due to resignation and 20 resignations, or 48.8%. were in the Professionals job category. Of the 20 resignations in this category, 50% (10) were female, 50% (10) were

racial/ethnic minorities. There was 1 resignation of an individual with a disability and 1 resignation of a veteran, both areas to monitor in this job class. We will continue to make all good faith efforts to recruit and hire protected group and veteran candidates to prevent underutilization in this job category.

There were 7 separations due to resignation in the Para-Professionals job category with 3 (42.86%) being female, 3 (42.86%) racial/ethnic minorities and 1 (14.29%) being an individual with a disability. The loss of females in this job category contributed to the current underutilization of females in the Para-Professional job category. The overall number of Paraprofessionals positions has decreased from 40 to 28 which limits hiring opportunities but we will focus on recruitment and retention of females, racial/ethnic minorities and veterans in this job category.

There were 5 separations due to resignation in the Office/Clerical job category. Of those resignations, 3 (60%) were female and 2 (40%) were racial/ethnic minorities. Out of the 30 employees currently in this job category, only 3 are racial/ethnic minorities resulting in underutilization. There are 29 females in the 30 Office/Clerical job positions and efforts will be in hiring racial/ethnic minorities, individuals with disabilities and veterans in this job category for any future vacancies that occur.

There were 3 separations due to resignation in the Official and Administrators job category, with 1 (33.33%) female resignation, 1 (33.33%) racial/ethnic minority resignation, 2 (66.67%) individuals with disabilities resigning and 1 (33.33%) veteran resigning. The number of females in Official and Administrator positions increased from 10 to 11 but there is currently only 1 veteran and 1 individual with a disability in this job category, less than 1%. This will be an area in all future hires where we will broaden search marketing efforts to attract protected groups and veterans. The promotion and retention of protected group and veteran employees will also be a priority.

We have seen an increase in the rate of transfer of State employees and this has affected HTC. Of the 110 total separations, 16 separations, or 14.55% of total separations, were due to transfer to another State entity. Many of these come within the first 3 years which is a tremendous loss due to investment in training and lack of continuity within departments. Ten (22.73%) of the separations due to transfer were in the Professionals job category, with 7 (70%) being female and 3 (30%) being racial/ethnic minorities. There is not underutilization or monitoring noted for females and minorities in the Professionals job category but we will work to retain all employees in protected groups and veterans in the Professionals job category. This job category has 102 total employees, up from 92 in the last plan year, so will be an area where any future searches will focus on attracting and hiring protected group or veteran members.

Of the separations due to transfer, 2 were in the service maintenance area with 1 (50%) of them being female. Again, this is an area where we struggle to find female applicants and we have to work to retain and hire females, as well as individuals with disability and veterans in this job class when openings arise.

We had 3 (17.65%) separations due to transfer in Unlimited Faculty, with 3 (100%) of them female and 1 (33.33%) an individual with a disability. Our future hiring of Unlimited Faculty will continue to focus on attracting and retaining faculty within protected groups and veterans.

We had 14 (12.73%) separations due to termination. Of the 14 terminated, 9 (64.29%) were female and 5 (35.71%) were racial/ethnic minorities. Two of the 14 terminated were in the Officials and Administrators job category with 1 (50%) being female. Three of the 14 terminated were in the Professionals job category with 2 (66.67%) females, however, 62 of the 102 or 60.78% of the employees are female in this job category so there was no resulting underutilization or need to monitor.

Two of the terminations were in the Para-Professional job category and both (100%) were racial/ethnic minorities and 1 (50%) was female. The number of Para-Professionals has dropped as a whole from 40 to 28 (30%) and the number of racial/ethnic minority employees in this job category has dropped from 13 to 5 (down 61.53%). The number of females in this job category dropped from 22 to 14 (down 36.36%). The decrease in overall numbers of females and racial/ethnic minorities in the job category, as well as the terminations, contributed to the underutilization of females and the need to monitor racial/ethnic minorities in this job category.

Corrective Actions, Action-Oriented Programs, and Timetable

Minnesota Administrative Rules 3905.0400 Subp 1 Item H.

The College's affirmative action plan is designed to implement the provisions of this affirmative action plan and meet requirements found in [Minnesota Statutes, section 43A.191 Subdivision 2](#). These Action-Oriented Programs are carried out throughout this affirmative action plan period.

Corrective Actions

This section identifies ways the College will eliminate barriers, provide corrective actions, and make good faith efforts toward the affirmative action goals for underutilized protected groups and veterans (broken down by specific job categories).

The College developed the below action-oriented programs specific to the job category/protected group(s) or veterans identified in the "[Identification of Areas for Further Monitoring](#)" section supported by the "[Utilization/Availability Analysis, Establishment of Statement of Goals, and Timetable](#)" and "[Personnel Activities](#)" sections.

Table 3. Areas of Further Monitoring and Corrective Actions

Areas for Further Monitoring	Corrective Actions Specific to the Further Monitoring Areas Identified
<p>Officials and Managers</p> <ul style="list-style-type: none"> • The college needs to monitor Racial/Ethnic Minorities, Individuals with Disabilities and Veterans. • There is a high overall resignation rate in this category. We seem to be a training ground for other colleges and the State system. Candidates stay and learn the job for 12-18 months and then go elsewhere for a quick promotion. • College should monitor resignation and termination rates among Females and Resignation rates for Racial Ethnic Minorities, Individuals with Disabilities and Veterans and work to replace vacated positions in this category with individuals in these protected classes. 	<ul style="list-style-type: none"> • By December 31, 2023, deliver 3 training sessions for supervisors focused on how to deliver job performance feedback to improve work performance, creating and maintaining an inclusive and respectful work environment and creating a career path for racial/ethnic minorities and protected class individuals in the Officials and Managers job category to enhance job satisfaction, performance and retention. • By December 31, 2022, review new position postings and position descriptions to remove language or preferred qualifications that limit applicant pool. • By June 30, 2023, partner with racial/ethnic minorities and individuals with disabilities community organizations to establish relationships to develop talent pipelines to positions in this job category. Evaluate the success of these activities by December 2023. • Attend the People of Color job fair in the Twin Cities, October 2022, and future recruiting events to increase recruitment efforts for the protected group of racial/ethnic minorities in this job group. • Expand job posting locations by December 31, 2023 as budget allows. • Develop new onboarding and refresher training process for search committee members by June 30, 2023 to ensure they understand the commitment to and can implement processes to ensure hiring in underutilized categories.

Areas for Further Monitoring	Corrective Actions Specific to the Further Monitoring Areas Identified
<p>Professionals</p> <ul style="list-style-type: none"> • The College needs to “monitor” Individuals with Disabilities and Veterans because underutilization may occur by some employee movement. • Females and racial/ethnic minorities are promoted at a higher rate but disproportionately leave by resignation so adequate training must be examined • Qualified applicants in the Racial/Ethnic Minorities group are refusing offers of employment at high rate due to salary hourly rates and lack of remote work options and job flexibility. 	<ul style="list-style-type: none"> • By December 31, 2023, implement a performance management assessment process and stay interviews to increase retention in areas where we grow professionals only to see them leave for other agencies or the private sector. • Continue to utilize the State of Minnesota Connect 700 program to increase exposure to State jobs for Individuals with disabilities. • By December 31, 2023 have a plan in place partner with community groups and attend targeted hiring fairs to increase candidate flow from underutilized groups. • Consistently offer exit interviews and assess data to identify supervisor and college environment issues which led to departures. Address issues immediately through training. • Continue to monitor patterns in promotion to ensure that underutilized groups are in the pool considered for promotions in the Professional job category.
<p>Protective Service: Non-Sworn</p> <ul style="list-style-type: none"> • The college needs to monitor Females, Racial/Ethnic Minorities, Individuals with Disabilities and Veterans as underutilization may occur. 	<ul style="list-style-type: none"> • Due to the limited number of hires in these job categories HR will immediately pre-screen applicant pools for any open positions and partner with the hiring committee chair in future searches to ensure candidates in areas to monitor are in the final pool of applicants interviewed. • By June 30, 2023, review position descriptions to ensure that minimum qualifications are not presenting a barrier to protected groups. • Attend the People of Color job fair in the Twin Cities, October 2022, and future recruiting events to increase recruitment efforts for the protected group of racial/ethnic minorities in this job group.

Areas for Further Monitoring	Corrective Actions Specific to the Further Monitoring Areas Identified
<p>Para-Professionals</p> <ul style="list-style-type: none"> • Females are underutilized. • The college needs to monitor Racial/Ethnic Minorities and Veterans as underutilization may occur. • Half of those resigning in this category are females and racial/ethnic minorities. 	<ul style="list-style-type: none"> • The number of para professionals has dropped by over 25% so it will be important to have plan by June 30, 2023, prior to the FY2024 academic year, to work with hiring committees to ensure that Females applicants are considered for any open positions. • If necessary to get an acceptance from a qualified female candidate with other offers, apply for a recruiting incentive from MMB to add to the HTC offer. • Immediately plan to review job descriptions, especially minimum qualifications, to identify any words/descriptions that screen out Females or applicants in groups to monitor. • By December 31, 2023, develop mentor program for para-professionals to ensure that females and racial/ethnic minorities are staying at HTC. • Immediately monitor Professional job postings and identify promotion opportunities for females in the Para-Professional job category as Para-professional jobs are feeder jobs for positions in the Professional job categories. • By December 31, 2023, conduct a supervisory training session on retention of employees and encouraging supervisors to detail the professional development plan and set forth a career path available at HTC for direct reports in their annual review.

Areas for Further Monitoring	Corrective Actions Specific to the Further Monitoring Areas Identified
<p>Administrative Support</p> <ul style="list-style-type: none"> Racial/Ethnic Minorities are underutilized. The college needs to monitor Individuals with Disabilities and Veterans as underutilization may occur. Females and racial/ethnic minorities are resigning or being terminated at a higher rate. 	<ul style="list-style-type: none"> Immediately plan to review job descriptions, especially minimum qualifications, to identify any words/descriptions that screen out Racial/Ethnic Minorities or applicants in groups to monitor, including substituting work experience for degrees or State specific experience and knowledge. By December 31, 2023, increase areas of job postings as budget allows. Connect with more community groups representing underutilized groups and groups to monitor to increase candidate flow. Attend the People of Color job fair in the Twin Cities, October 2022, and future recruiting events to increase recruitment efforts for the protected group of racial/ethnic minorities in this job group. Immediately more closely examine requests from supervisors to promote internal candidates into higher level Administrative Support positions to not perpetuate the high number of females occupying these positions and being promoted in this job category. By December 31, 2023, identify those in Administrative Support positions who are at risk of termination or resignation and conduct stay interview and set plan for future career at HTC with those employees. Always consider offering and apply for an MMB recruiting incentive to increase acceptance of positions offered to candidates in underutilized groups.
<p>Skilled Craft</p> <ul style="list-style-type: none"> The college needs to monitor Females, Racial/Ethnic Minorities, Individuals with Disabilities and Veterans as underutilization may occur. 	<ul style="list-style-type: none"> As there are only 6 total jobs in this job category, it will be imperative to carefully work with the search committee in any future open searches to ensure we are screening applications carefully and moving candidates in protected classes into the final pool of applicants. As many of the feeder jobs for this job category are held by employees not in a protected class, the College must look to outside applicants for promotional opportunities within this class when they become available. By December 31, 2023, connect with local training centers to increase candidate applications.

Areas for Further Monitoring	Corrective Actions Specific to the Further Monitoring Areas Identified
<p>Service Maintenance</p> <ul style="list-style-type: none"> • Females are underutilized. • The college needs to monitor Racial/Ethnic Minorities, Individuals with Disabilities and Veterans as underutilization may occur. • A quarter of separations were retirements and we worked to hire in protected classes, especially females. The applicant pools generally do not include female applicants. • We are leaving some of these positions vacant due to budget issues. 	<ul style="list-style-type: none"> • By June 30, 2023, develop relationships with community organizations that work with females interested in job within this job category to increase the number of female applicants in the pool. • Immediately review position description to remove any language in the document, especially minimum qualifications, to identify any words/descriptions that screen out or discourage female applicants. • Immediately work with hiring manager to examine current first shift and second shift General Maintenance Worker teams to allow females to work in shifts together if this would be something helpful to the current employees and increase retention in these positions. • When vacant positions are again posted, work with hiring committee chair to screen applicants and ensure that females applicants and those groups to monitor are included in final candidate pool. • By December 31, 2023, conduct stay interviews to retain employees in underutilized and monitor groups. • Consider offering an apply for an MMB recruiting incentive to increase acceptance of positions offered to candidates in protected groups.
<p>Faculty Temporary</p> <ul style="list-style-type: none"> • Females and Racial/Ethnic Minorities are underutilized. • The college needs to monitor Individuals with Disabilities as underutilization may occur • Applicant pools are very small and hard to meet salary requirements 	<ul style="list-style-type: none"> • Review postings to determine if any words or descriptions screen out females or racial/ethnic minorities. • By December 31, 2023, evaluate best practices in recruitment strategies and retention practices and expand our advertising and job posting locations • By June 30, 2023, establish working relationships with organizations that support woman and racial/ethnic minorities in higher ed faculty positions. • By December 31, 2023, work with diversity and inclusion to develop outreach program to connect with HTC alumni in trade fields to help spread the word about teaching opportunities into their workplace.

Areas for Further Monitoring	Corrective Actions Specific to the Further Monitoring Areas Identified
<p>Faculty Probationary</p> <ul style="list-style-type: none"> • Females are underutilized • The college needs to monitor Racial/Ethnic Minorities, Individuals with Disabilities and Veterans as underutilization may occur • Applicant pools are small, especially in specialty areas 	<ul style="list-style-type: none"> • Review postings to determine if any words or descriptions screen out females or other applicants in the protected classes to monitor. • Attend the People of Color job fair in the Twin Cities, October 2022, and future recruiting events to increase recruitment efforts for the protected group of racial/ethnic minorities in this job group. • By December 31, 2023, evaluate best practices in recruitment strategies and retention practices and expand our advertising and job posting locations. • By December 31, 2023, establish working relationships with organizations that support woman and racial/ethnic minorities in higher ed faculty positions. • By December 31, 2023, work with diversity and inclusion to develop outreach program to connect with HTC alumni in trade fields to help spread the word about teaching opportunities into their workplace.

Action-Oriented Programs

This section provides an overview of the College's general efforts and actions to ensure equal employment opportunity. The Colleges/University has reviewed barriers to hiring during the previous plan period and identified recruitment strategies, processes, and training to address underutilization for this plan year.

Barriers

The College has constraints to address underutilization and areas for monitoring identified in the previous section.

- Limited number of open positions in this plan year. Positions will be left vacant due to budget shortfalls.
- Limited outreach due to unanticipated budget deficiencies. This will limit our ability to expand outreach, including our ability to expand online posting options.
- Unwillingness of employees to self-identify as individuals with disabilities and especially veterans. This will affect the representation of employees in this protected group.
- Strong preference in younger generation toward flexible work arrangements and fully remote work options limiting candidate pool willing to apply and accept positions.
- The great resignation and smaller and smaller candidate pools.

Recruitment and Processes

The College takes the following actions to improve recruitment and increase the number of qualified females, racial/ethnic minorities, individuals with disabilities and veterans in the applicant pool:

- Review/evaluate job postings to eliminate non-inclusive language and remove barriers for candidates where possible.
- Create stronger onboarding process and include check in interview with new hire between 4 and 6 weeks, ask about others in their network who might be interested in applying to positions at HTC.
- The College will continue to place advertisements of job opportunities through [the State of MN Career site](https://mn.gov/mmb/careers/search-for-jobs/) (https://mn.gov/mmb/careers/search-for-jobs/).
- Continue to consider female, racial/ethnic minorities, veterans and individuals with disability applicants for all positions for which they qualify.
- Seek out and participate in low cost in person and virtual job fairs to recruit females, racial/ethnic minorities, and individuals with disabilities, and veterans.
- Use LinkedIn and Facebook job posting feature to search for applicants, which has been successful in sourcing applicants but not many applicants who meet minimum qualifications.
- Advertise the Connect 700 program to attract qualified individuals with disabilities by providing a link to MMB's web site.

- Continue to use the EEO tag line on all job postings and advertisements.
- Continue to publish recruitment materials and media depicting individuals representing protected groups and veterans.
- Develop a plan to increase pipeline for entry-level jobs across job categories by using Statewide networks and possibly internship programs.

Persons Responsible:

- Daniel Le Guen-Schmidt, Vice President of Human Resources and Workforce Equity
- Carey Moe, Assistant Human Resources Director

Retention

The College will take the following actions to improve retention of females, racial/ethnic minorities, individuals with disabilities and veterans:

- Develop a stronger onboarding process and a system of HR check-ins in the first year of employment.
- Work with Department of Equity and Inclusion to conduct stay interviews within 12 weeks of new employees starting.
- Conduct exit interviews, analyze the data, and address identified concerns.
- Provide ongoing performance feedback training to all supervisors to ensure that employees have regular check-ins with supervisor, open channels of communication and information on their future career path at HTC.
- Provide respectful workplace training to all supervisors annually and follow-up with individual training where necessary.
- Add section in new employee on-boarding program about communication between supervisor and employee and HR’s role in managing work situations.
- Communicate regularly about HR’s availability for informal resolution of workplace conflicts.
- Encourage all new hires to receive applicable trainings for their career development and follow-up with supervisors to encourage them to create performance development plans. Advocate to Cabinet for budget dollars to go toward performance development training.
- Partner with our Veterans Resources team to ensure we are meeting the needs of our veteran faculty and staff.
- Partner with Diversity & Equity to insure an inclusive work environment and equal opportunities for all employees.

Persons Responsible:

- Daniel Le Guen-Schmidt, Vice President of Human Resources and Workforce Equity

- Carey Moe, Assistant Human Resources Director

Training

The College will take the following actions to improve retention of females, racial/ethnic minorities, individuals with disabilities and veterans:

- Provide quality on-boarding orientations.
- Provide ongoing supervisor training to help with retention of employees.
- Announce training opportunities to all employees.
- Broadly announce all promotion and transfer opportunities.
- Provide unconscious bias training to all employees.
- Ensure all hiring committee members have training on hiring process, including recent unconscious bias training.

Persons Responsible:

- Daniel Le Guen-Schmidt, Vice President of Human Resources and Workforce Equity
- Carey Moe, Assistant Human Resources Director

Methods of Auditing, Evaluating, and Reporting Program Success

Minnesota Administrative Rules 3905.0400, subpart 1, item I

Pre-Employment Review Procedure/Monitoring the Hiring Process

The College will evaluate its selection process to determine if its requirements unnecessarily screen out a disproportionate number of females, racial/ethnic minorities, individuals with disabilities or veterans. The College will use the Monitoring the Hiring Process form for every hire to track the number of females, racial/ethnic minorities, individuals with disabilities, and veterans in each stage of the selection process. Directors, managers, and supervisors will work closely with human resources and the Affirmative Action Officer in reviewing the requirements for the position, posting the position, and interviewing and selection to ensure that equal opportunity and affirmative action are carried out. Directors, managers, and supervisors must document their hiring decisions and equal opportunity professionals will review for bias.

A College that does not meet its hiring goals for competitive appointments, and noncompetitive appointments under MS 43A.08, subd. 1(9), (11) and (16), and 43A.15, subd. 3, 10, 12, and 13, must justify its non-affirmative action hires. The affirmative action statute was amended in 2019 so agencies including Minnesota State can no longer take missed opportunities. The College will report the number of affirmative and non-affirmative hires to MMB on a quarterly basis.

When candidates are invited to participate in the selection process, employees scheduling the selection process will describe the process to the candidate (e.g., interview process, testing process). All candidates are provided information regarding the procedure to request reasonable accommodations, if necessary, to allow candidates with disabilities equal opportunity to participate in the selection process. For example, describe if interview questions are offered ahead of time or what technology may be used during a test. This allows for an individual with a disability to determine if they need a reasonable accommodation in advance.

All employees involved in the selection process are trained and accountable for the College's commitment to equal opportunity and the affirmative action plan and its implementation.

Pre-Review Procedure for Layoff Decisions

The Affirmative Action Officer, in conjunction with the College's human resources office, is responsible for reviewing all pending layoffs to determine their effect on the College's affirmative action goals and timetables.

If it is determined that there is a disparate impact on protected groups or veterans, the College will document the reasons why the layoff is occurring, such as positions targeted for layoff, applicable personnel policies or collective bargaining agreement provisions, or other relevant reasons. The College will determine if other alternatives are available to minimize the disparate impact on protected groups and veterans.

Other Methods of Program Evaluation

The College submits the following compliance reports to MMB as part of the efforts to evaluate the College's affirmative action plan:

- Quarterly Monitoring the Hiring Progress Reports
- Biannual Affirmative Action Plan
- Annual Americans with Disabilities Act Report
- Annual Internal Complaint Report
- Veteran Recruitment & Retention Survey Record Keeping Form
- Disposition of Internal Complaint (submitted to MMB within 30 days of final disposition)

The College also evaluates the Affirmative Action Plan in the following ways

- Monitors progress toward stated goals by job category quarterly
- Analyzes employment activity (hires, promotions, and terminations) by job category on an ongoing basis to determine if there is disparate impact
- Analyzes compensation program annually to determine if there are patterns of discrimination

- Reviews the accessibility of online systems and websites, and ensures that reasonable accommodations can be easily requested
- Discusses progress with College leadership on a periodic basis and makes recommendations for improvement
- Conducts voluntary stay and exit interviews to determine if changes are required to employment activity or Affirmative Action Plan.
- Meet with other AAO and leaders from other colleges to discuss and brainstorm ideas, obstacles and successes in meeting AAP goals after first year of plan is complete.

Policies, Procedures, and Notice

A. Minnesota State Board Policy, 1B.1 Equal Opportunity and Nondiscrimination in Employment and Education (Review began April 2022. See current policy [here](#))

Part 1. Policy Statement

Subpart A. Equal opportunity for students and employees. Minnesota State Colleges and Universities has an enduring commitment to enhancing Minnesota's quality of life by developing and fostering understanding and appreciation of a free and diverse society and providing equal opportunity for all its students and employees. To help effectuate these goals, Minnesota State Colleges and Universities is committed to a policy of equal opportunity and nondiscrimination in employment and education.

Subpart B. Nondiscrimination. No person shall be discriminated against in the terms and conditions of employment, personnel practices, or access to and participation in, programs, services, and activities with regard to race, sex, color, creed, religion, age, national origin, disability, marital status, status with regard to public assistance, sexual orientation, gender identity, or gender expression. In addition, discrimination in employment based on familial status or membership or activity in a local commission as defined by law is prohibited.

Harassment on the basis of race, sex, color, creed, religion, age, national origin, disability, marital status, status with regard to public assistance, sexual orientation, gender identity, gender expression, or familial status is prohibited. Harassment may occur in a variety of relationships, including faculty and student, supervisor and employee, student and student, staff and student, employee and employee, and other relationships with persons having business at, or visiting the educational or working environment.

This policy is directed at verbal or physical conduct that constitutes discrimination /harassment under state and federal law and is not directed at the content of speech. In cases in which verbal statements and other forms of expression are involved, Minnesota State Colleges and Universities will give due consideration to an individual's constitutionally protected right to free speech and academic freedom. However, discrimination and harassment are not within the protections of academic freedom or free speech.

The system office, colleges, and universities shall maintain and encourage full freedom, within the law, of expression, inquiry, teaching and research. Academic freedom comes with a responsibility that all members of our education community benefit from it without intimidation, exploitation or coercion.

This policy shall apply to all individuals affiliated with Minnesota State Colleges and Universities, including but not limited to, its students, employees, applicants, volunteers, agents, and Board of Trustees, and is intended to protect the rights and privacy of both the complainant and respondent and other involved individuals, as well as to prevent retaliation or reprisal. Individuals who violate this policy shall be subject to disciplinary or other corrective action.

This policy supersedes all existing system, college, and university equal opportunity and nondiscrimination policies.

Part 2. Definitions.

Subpart A. Consensual Relationship. Consensual relationship means a sexual or romantic relationship between two persons who voluntarily enter into such a relationship. Employees who are members of the same household should also refer to the Board Policy 4.10, of Trustees Nepotism policy 4.10.

Subpart B. Discrimination. Discrimination means conduct that is directed at an individual because of his or her protected class and that subjects the individual to different treatment by agents or employees so as to interfere with or limit the ability of the individual to participate in, or benefit from, the services, activities, or privileges provided by the system or colleges and universities or otherwise adversely affects the individual's employment or education.

Subpart C. Discriminatory harassment. Discriminatory harassment means verbal or physical conduct that is directed at an individual because of his or her protected class, and that is sufficiently severe, pervasive, or persistent so as to have the purpose or effect of creating a hostile work or educational environment.

As required by law, Minnesota State Colleges and Universities further defines sexual harassment as a form of sexual discrimination which is prohibited by state and federal law. Sexual harassment includes unwelcome sexual advances, requests for sexual favors, sexually motivated physical conduct, and other verbal or physical conduct of a sexual nature when:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or education, evaluation of a student's academic performance, or term or condition of participation in student activities or in other events or activities sanctioned by the college or university; or
2. Submission to or rejection of such conduct by an individual is used as the basis for employment or academic decisions or other decisions about participation in student activities or other events or activities sanctioned by the college or university; or
3. Such conduct has the purpose or effect of threatening an individual's employment; interfering with an individual's work or academic performance; or creating an intimidating, hostile, or offensive work or educational environment.

Subpart D. Employee. Employee means any individual employed by Minnesota State Colleges and Universities, including all faculty, staff, administrators, teaching assistants, graduate assistants, residence directors and student employees.

Subpart E. Protected Class. For purposes of this policy:

1. Protected class includes race, sex, color, creed, religion, age, national origin, disability, marital status, status with regard to public assistance, sexual orientation, gender identity, or gender expression. In addition, familial status and membership or activity in a local human rights commission are protected classes in employment.

2. This policy prohibits use of protected class status as a factor in decisions affecting education and employment where prohibited by federal or state law.

Subpart F. Retaliation. Retaliation includes, but is not limited to, intentionally engaging in any form of intimidation, reprisal or harassment against an individual because he or she:

- a. made a complaint under this policy;
- b. assisted or participated in any manner in an investigation, or process under this policy, regardless of whether a claim of discrimination or harassment is substantiated;
- c. associated with a person or group of persons who are disabled or are of a different race, color, creed, religion, sexual orientation, gender identity, gender expression, or national origin; or
- d. Made a complaint or assisted or participated in any manner in an investigation or process with the Equal Employment Opportunity Commission, the U.S. Department of Education Office for Civil Rights, the Minnesota Department of Human Rights or other enforcement agencies, under any federal or state nondiscrimination law, including the Civil Rights Act of 1964; Section 504 of the Rehabilitation Act of 1973; the Minnesota Human Rights Act, Minn. Stat. Ch. 363A, and their amendments.

Retaliation may occur whether or not there is a power or authority differential between the individuals involved.

Subpart G. Sexual harassment and violence as sexual abuse. Under certain circumstances, sexual harassment or violence may constitute sexual abuse according to Minnesota law. In such situations, the system office and colleges and universities shall comply with the reporting requirements in Minnesota Statutes Section 626.556 (reporting of maltreatment of minors) and Minnesota Statutes Section 626.557 (Vulnerable Adult Protection Act). Nothing in this policy will prohibit any college or university or the system office from taking immediate action to protect victims of alleged sexual abuse. Board Policy 1B.3 Sexual Violence addresses sexual violence.

Subpart H. Student. For purposes of this policy, the term “student” includes all persons who:

1. Are enrolled in one or more courses, either credit or non-credit, through a college or university;
2. Withdraw, transfer or graduate, after an alleged violation of the student conduct code;
3. Are not officially enrolled for a particular term but who have a continuing relationship with the college or university;
4. Have been notified of their acceptance for admission or have initiated the process of application for admission or financial aid; or
5. Are living in a college or university residence hall although not enrolled in, or employed by, the institution.

Part 3. Consensual Relationships. An employee of Minnesota State Colleges and Universities shall not enter into a consensual relationship with a student or an employee over whom he or she exercises direct or otherwise significant academic, administrative, supervisory, evaluative, counseling, or extracurricular authority or influence. In the event a relationship already exists, each college and

university and system office shall develop a procedure to reassign evaluative authority as may be possible to avoid violations of this policy. This prohibition does not limit the right of an employee to make a recommendation on personnel matters concerning a family or household member where the right to make recommendations on such personnel matters is explicitly provided for in the applicable collective bargaining agreement or compensation plan.

Part 4. Retaliation. Retaliation as defined in this policy is prohibited in the system office, colleges and universities. Any individual subject to this policy who intentionally engages in retaliation shall be subject to disciplinary or other corrective action as appropriate.

Part 5. Policies and procedures. The chancellor shall establish procedures to implement this policy. The equal opportunity and nondiscrimination in employment and education policy and procedures of colleges and universities shall comply with Board Policy 1B.1 and Procedure 1B.1.1.

B. Minnesota State System Procedure 1B.1.1 Report/Complaint of Discrimination/Harassment Investigation and Resolution (Review began May 2022. See current policy [here](#))

Part 1. Purpose and applicability.

Subpart A. Purpose. This procedure is designed to further implement Minnesota State Colleges and Universities policies relating to nondiscrimination by providing a process through which individuals alleging violation of Board Policy 1B.1 Equal Opportunity and Nondiscrimination in Employment and Education may pursue a complaint. This includes allegations of retaliation, or discrimination or harassment based on sex, race, age, disability, color, creed, national origin, religion, sexual orientation, gender identity, gender expression, marital status, or status with regard to public assistance. In addition, discrimination in employment based on membership or activity in a local commission as defined by law is prohibited.

Subpart B. Applicability. This procedure shall apply to all individuals affiliated with Minnesota State Colleges and Universities, including its students, employees, and applicants for employment, and is intended to protect the rights and privacy of both the complainant and respondent and other involved individuals, as well as to prevent retaliation/reprisal. Individuals who violate this procedure shall be subject to disciplinary or other corrective action.

A single act of discrimination or harassment may be based on more than one protected class status. For example, discrimination based on anti-Semitism may relate to religion, national origin, or both; discrimination against a pregnant woman might be based on sex, marital status, or both; discrimination against a transgender or transsexual individual might be based on sex or sexual orientation.

Not every act that may be offensive to an individual or group constitutes discrimination or harassment. Harassment includes action beyond the mere expression of views, words, symbols or thoughts that another individual finds offensive. To constitute a violation of Board Policy 1B.1, conduct must be considered sufficiently serious to deny or limit a student's or employee's ability to participate in or benefit from the services, activities, or privileges provided by Minnesota State Colleges and Universities.

Subpart C. Scope. This procedure is not applicable to allegations of sexual violence; allegations of sexual violence are handled pursuant to Board Policy 1B.3 Sexual Violence and System Procedure 1B.3.1. In addition, harassment and discrimination complaints not arising from alleged violations of Board Policy 1B.1, are to be addressed under other appropriate policies and established practices.

Part 2. Definitions. The definitions in Board Policy 1B.1 also apply to this procedure.

Subpart A. Designated officer. Designated officer means an individual designated by the president or chancellor to be primarily responsible for conducting an initial inquiry, determining whether to

proceed with an investigation under this procedure, and investigating or coordinating the investigation of reports and complaints of discrimination/harassment in accordance with this procedure.

Prior to serving as the designated officer, the individual must complete investigator training provided by the system office.

Subpart B. Decisionmaker. Decisionmaker means a high level administrator designated by the president or chancellor to review investigative reports, to make findings whether Board Policy 1B.1 has been violated based upon the investigation, and to determine the appropriate action for the institution to take based upon the findings.

Prior to serving as a decisionmaker for complaints under this procedure, administrators must complete decisionmaker training provided by the system office.

Subpart C. Retaliation. Retaliation is as defined in Board Policy 1B.1 Equal Opportunity and Nondiscrimination in Employment and Education policy.

Part 3. Consensual relationships. Board Policy 1B.1 Equal Opportunity and Nondiscrimination in Employment and Education prohibits consensual relationships between an employee and a student or another employee over whom he or she exercises direct or otherwise significant academic, administrative, supervisory, evaluative, counseling, or extracurricular authority or influence, whether or not both parties appear to have consented to the relationship, except as noted.

Examples of prohibited consensual relationships include, but are not limited to:

- An employee and a student if the employee is in a position to evaluate or otherwise significantly influence the student's education, employment, housing, participation in athletics, or any other college or university activity (employee includes, for example, graduate assistants, administrators, coaches, advisors, program directors, counselors and residence life staff);
- A faculty member and a student who is enrolled in the faculty member's course, who is an advisee of the faculty member, or whose academic work is supervised or evaluated by the faculty member; and
- A supervisor and an employee under the person's supervision.

A faculty member or other employee is prohibited from undertaking a romantic or sexual relationship or permitting one to develop with a student or supervisee who is enrolled in the person's class or is subject to that person's supervision or evaluation.

If a consensual, romantic or sexual relationship exists between an employee and another individual and subsequent events create a supervisor/supervisee, faculty/student or similar relationship between them, the person with evaluative or supervisory authority is required to report the relationship to his or her supervisor so that evaluative functions can be reassigned if possible.

This procedure does not cover consensual relationships between individuals that do not require one to exercise direct or otherwise significant academic, administrative, supervisory, evaluative, counseling, or extracurricular authority or influence over the other.

This prohibition does not limit the right of an employee to make a recommendation on personnel matters concerning a person with whom they have a consensual relationship where the right to make recommendations on such personnel matters is explicitly provided for in the applicable collective bargaining agreement or compensation plan.

Part 4. Reporting Incidents of discrimination/harassment

Subpart A. Reporting an incident. Any individual who believes she or he has been or is being subjected to conduct prohibited by Board Policy 1B.1 is encouraged to report the incident to the designated officer. The report/complaint should be brought as soon as possible after an incident occurs.

Any student, faculty member or employee who knows of, receives information about or receives a complaint of discrimination/harassment is strongly encouraged to report the information or complaint to the designated officer of the system office, college, or university.

Subpart B. Duty to report. Administrators and supervisors shall refer allegations of conduct that they reasonably believe may constitute discrimination or harassment under Board Policy 1B.1 to the designated officer, or in consultation with the designated officer may inquire into and resolve such matters.

Subpart C. Reports against a president. A report/complaint against a president of a college or university shall be filed with the system office. However, complaints against a president shall be processed by the college or university if the president's role in the alleged incident was limited to a decision on a recommendation made by another administrator, such as tenure, promotion or non-renewal, and the president had no other substantial involvement in the matter.

Subpart D. Reports against system office employees or Board of Trustees. For reports/complaints that involve allegations against system office employees, the responsibilities identified in this procedure as those of the president are the responsibilities of the chancellor. Reports/complaints that involve allegations against the chancellor or a member of the Board of Trustees shall be referred to the chair or vice chair of the Board for processing. Such reports/complaints may be assigned to appropriate system personnel or outside investigatory assistance may be designated.

Subpart E. False statements prohibited. Any individual who is determined to have provided false information in filing a discrimination report/complaint or during the investigation of such a report/complaint may be subject to disciplinary or corrective action.

Subpart F. Withdrawn complaints. If a complainant no longer desires to pursue a complaint, the system office, colleges, and universities reserve the right to investigate and take appropriate action.

Part 5. Right to representation. In accordance with federal law and applicable collective bargaining agreement and personnel plan language, represented employees may have the right to request and receive union representation during an investigatory meeting.

Nothing in this procedure is intended to expand, diminish or alter in any manner whatsoever any right or remedy available under a collective bargaining agreement, personnel plan or law. Any disciplinary action imposed as a result of an investigation conducted under this procedure will be processed in accordance with the applicable collective bargaining agreement or personnel plan.

Part 6. Investigation and Resolution. The system office, college or university has an affirmative duty to take timely and appropriate action to stop behavior prohibited by Board Policy 1B.1, conduct investigations and take appropriate action to prevent recurring misconduct.

Subpart A. Personal resolution. This procedure neither prevents nor requires the use of informal resolution by an individual who believes he or she has been subject to conduct in violation of Board Policy 1B.1. In such a situation, the individual should clearly explain to the alleged offender as soon as possible after the incident that the behavior is objectionable and must stop. If the behavior does not stop or if the individual believes retaliation may result from the discussion, the individual should report to the designated officer. Under no circumstance shall an individual be required to use personal resolution to address prohibited behaviors.

Subpart B. Information privacy. Confidentiality of information obtained during an investigation cannot be guaranteed; such information, however, will be handled in accordance with applicable federal and state data privacy laws.

Subpart C. Processing the complaint. The designated officer must be contacted in order to initiate a report/complaint under this procedure. The scope of the process used in each complaint/report shall be determined by the designated officer based on the complexity of the allegations, the number and relationship of individuals involved, and other pertinent factors.

1. **Jurisdiction.** The designated officer shall determine whether the report/complaint is one which should be processed through another system office, college or university procedure available to the complainant; if appropriate, the designated officer shall direct the complainant to that procedure as soon as possible.
2. **Conflicts.** The designated officer should identify to the president or chancellor/designee any real or perceived conflict of interest in proceeding as the designated officer for a specific complaint. If the president or chancellor/designee determines that a conflict exists, another designated officer shall be assigned.
3. **Information provided to complainant.** At the time the report/complaint is made, the designated officer shall:
 - a.) inform the complainant of the provisions of the Board Policy 1B.1 and this procedure;
 - b.) provide a copy of or Web address for Board Policy 1B.1 and this procedure to the complainant;
 - c.) determine whether other individuals are permitted to accompany the complainant during investigatory interviews and the extent of their involvement; and
 - d.) inform the complainant of the provisions of Board Policy 1B.1 prohibiting retaliation.
4. **Complaint documentation.** The designated officer shall insure that the complaint is documented in writing. The designated officer may request, but not require the complainant

to document the complaint in writing using the complaint form of the system office, college or university.

5. **Information provided to the respondent.** At the time initial contact is made with the respondent, the designated officer shall inform the respondent in writing of the existence and general nature of the complaint and the provisions of the nondiscrimination policy. At the initial meeting with the respondent, the designated officer shall:
 - a) provide a copy of or Web address for Board Policy 1B.1 and this procedure to the respondent;
 - b.) provide sufficient information to the respondent consistent with federal and state data privacy laws to allow the respondent to respond to the substance of the complaint;
 - c.) explain to the respondent that in addition to being interviewed by the designated officer, the respondent may provide a written response to the allegations;
 - d.) determine whether other individuals are permitted to accompany the respondent during investigative interviews and the extent of their involvement; and
 - e.) inform the respondent of the provisions of Board Policy 1B.1 prohibiting retaliation.
6. **Investigatory process.** The designated officer shall:
 - a.) conduct a fact-finding inquiry or investigation into the complaint, including appropriate interviews and meetings;
 - b.) inform the witnesses and other involved individuals of the prohibition against retaliation;
 - c.) create, gather and maintain investigative documentation as appropriate;
 - d.) disclose appropriate information to others only on a need to know basis consistent with state and federal law, and provide a data privacy notice in accordance with state law; and
 - e.) handle all data in accordance with applicable federal and state privacy laws.
7. **Interim actions.**
 - a.) **Employee reassignment or administrative leave.** Under appropriate circumstances, the president or chancellor may, in consultation with system legal counsel and labor relations, reassign or place an employee on administrative leave at any point in time during the report/complaint process. In determining whether to place an employee on administrative leave or reassignment, consideration shall be given to the nature of the alleged behavior, the relationships between the parties, the context in which the alleged incidents occurred and other relevant factors. Any action taken must be consistent with the applicable collective bargaining agreement or personnel plan.
 - b.) **Student summary suspension or other action.** Under appropriate circumstances, the president or designee may, in consultation with system legal counsel, summarily suspend a student at any point in time during the report/complaint process. A summary suspension may be imposed only in accordance with Board Policy 3.6 and associated system procedures. After the student has been summarily suspended, the report/complaint process should be completed within the shortest reasonable time period, not to exceed nine (9) class days. During the summary suspension, the student may not enter the campus or participate in any college or university activities without obtaining prior permission from the president or designee. Other temporary measures may be taken in lieu of summary suspension where the president or designee determines such measures are appropriate.
8. **No basis to proceed.** At any point during the processing of the complaint, the designated officer may determine that there is no basis to proceed under Board Policy 1B.1. The

designated officer shall refer the complaint as appropriate. The designated officer shall notify the complainant and respondent of the outcome as appropriate, in accordance with applicable data privacy laws.

9. **Timely Completion.** Colleges, universities and the system office must provide resources sufficient to complete the investigative process and issue a written response within 60 days after a complaint is made, unless reasonable cause for delay exists. The designated officer shall notify the complainant and respondent if the written response is not expected to be issued within the 60 day period. The college, university or system office must meet any applicable shorter time periods, including those provided in the applicable collective bargaining agreement.

Subpart D. Resolution. After processing the complaint, the designated officer may consider one or more of the following methods to resolve the complaint as appropriate:

1. conduct or coordinate education/training;
2. facilitate voluntary meetings between the parties;
3. recommend separation of the parties, after consultation with appropriate system office, college or university personnel;
4. other possible outcomes may include recommending changes in workplace assignments, enrollment in a different course or program, or other appropriate action;
5. the system office, college or university may use alternative dispute resolution or mediation services as a method of resolving discrimination or harassment complaints. Alternative dispute resolution and mediation options require the voluntary participation of all parties to the complaint;
6. upon completion of the inquiry, the designated officer may dismiss or refer the complaint to others as appropriate.

Subpart E. Decision process. If the above methods have not resolved the complaint within a reasonable period of time to the satisfaction of the designated officer, or the designated officer feels additional steps should be taken, the procedures in this subpart shall be followed.

1. **Designated officer.** The designated officer shall:
 - a.) prepare an investigation report and forward it to the decisionmaker for review and decision;
 - b.) take additional investigative measures as requested by the decisionmaker; and
 - c.) be responsible for coordinating responses to requests for information contained in an investigation report in accordance with the Minnesota Government Data Practices Act and other applicable law including, but not limited to, the Family Educational Rights and Privacy Act (FERPA). In determining the appropriate response, the designated officer shall consult with the campus data practice compliance official and/or the Office of General Counsel.
2. **Decision maker.** After receiving the investigation report prepared by the designated officer, the decisionmaker shall:
 - a.) determine whether additional steps should be taken prior to making the decision. Additional steps may include:
 1. a request that the designated officer conduct further investigative measures;
 2. a meeting with the complainant, respondent or other involved individuals. If a meeting involving a represented employee is convened, the complainant or respondent may choose to be accompanied by the bargaining unit representative, in accordance with the applicable collective bargaining agreement and federal and state law; and

3. a request for additional information which may include a written response from the complainant or respondent relating to the allegations of the complaint.
- b.) take other measures deemed necessary to determine whether a violation of Board Policy 1B.1 has been established;
- c.) when making the decision, take into account the totality of the circumstances, including the nature and extent of the behaviors, the relationship(s) between the parties, the context in which the alleged incident(s) occurred, and other relevant factors;
- d.) determine the nature, scope and timing of disciplinary or corrective action and the process for implementation if a violation of the nondiscrimination policy occurs. This may include consultation with human resources or supervisory personnel to determine appropriate discipline;
- e.) As appropriate, consistent with applicable state and federal data privacy laws, report in writing to the complainant, respondent and the designated officer her or his findings, and the basis for those findings, as to whether Board policy 1B.1 has been violated.
- f.) Conduct that is determined not to have violated Board policy 1B.1 shall be referred to another procedure for further action, if appropriate.

Part 7. System office, college, or university action.

The system office, college, or university shall take the appropriate corrective action based on results of the investigation, and the designated officer shall make appropriate inquiries to ascertain the effectiveness of any corrective or disciplinary action. Complainants are encouraged to report any subsequent conduct that violates Board Policy 1B.1.1, as well as allegations of retaliation.

Written notice to parties relating to discipline, resolutions, and/or final dispositions resulting from the report/complaint process is deemed to be official correspondence from the system office, college or university. In accordance with state law, the system office, college or university is responsible for filing the complaint disposition concerning complaints against employees with the Commissioner of Employee Relations within 30 days of final disposition.

Part 8. Appeal

Subpart A. Filing an appeal. The complainant or the respondent may appeal the decision of the decisionmaker. An appeal must be filed in writing with the president or designee within ten (10) business days after notification of the decision. The appeal must state specific reasons why the complainant or respondent believes the decision was improper. In a complaint against a president or other official who reports directly to the chancellor, an appeal may be considered by the chancellor whether or not the chancellor served as the decisionmaker.

Subpart B. Effect of review. For employees represented by a collective bargaining agreement, an appeal under this procedure is separate and distinct from, and is not in any way related to, any contractual protections or procedures. During the pendency of the appeal disciplinary or corrective

action taken as a result of the decision shall be enforced. In addition, in cases involving sanctions of suspension for ten (10) days or longer, students shall be informed of their right to a contested case hearing under Minnesota Statutes §14.

Subpart C. Appeal process. The president or designee shall review the record and determine whether to affirm or modify the decision. The president or designee may receive additional information if the president or designee believes such information would aid in the consideration of the appeal. The decision on appeal shall be made within a reasonable time and the complainant, respondent and designated officer shall be notified in writing of the decision, consistent with applicable state and federal data privacy laws. The decision on appeal exhausts the complainant's and respondent's administrative remedies under this procedure except as provided herein.

Part 9. Education and training. The system office, colleges and universities shall provide education and training programs to promote awareness and prevent discrimination/harassment, such as educational seminars, peer-to-peer counseling, operation of hotlines, self-defense courses, and informational resources. Education and training programs should include education about Board Policy 1B.1 and this procedure. All colleges and universities and the system office shall promote awareness of Board Policy 1B.1 and this procedure, and shall publicly identify the designated officer.

Part 10. Distribution of board policy 1B.1 and this procedure. Information regarding Board Policy 1B.1 and this procedure shall, at a minimum, be distributed to students at the time of registration and to employees at the beginning of employment. Distribution may be accomplished by posting on an internet Web site, provided all students and employees are directly notified of how to access the policy and procedure by an exact address, and that they may request a paper copy. Copies of the policy and procedure shall be conspicuously posted at appropriate locations at the system office and on college and university campuses at all times and shall include the designated officers' names, locations and telephone numbers.

Designated officers also must be identified by name, location and phone number in informational publications such as student catalogs, student and employee handbooks, bulletin boards, campus Web sites and other appropriate public announcements.

Part 11. Maintenance of report/complaint procedure documentation. During and upon the completion of the complaint process, the complaint file shall be maintained in a secure location in the office of the designated officer for the system office, college or university in accordance with the applicable records retention schedule. Access to the data shall be in accordance with the respective collective bargaining agreement or personnel plan, the Minnesota Government Data Practices Act, the Family Educational Rights and Privacy Act or other applicable law.

C. Minnesota State 1B.3 Sexual Violence Policy

Part 1. Policy statement

Sexual violence is an intolerable intrusion into the most personal and private rights of an individual, and is prohibited at Minnesota State Colleges and Universities. Minnesota State is committed to eliminating sexual violence in all forms and will take appropriate remedial action against any individual found responsible for acts in violation of this policy. Acts of sexual violence may also constitute violations of criminal or civil law or of other Board Policies that may require separate proceedings. To further its commitment against sexual violence, Minnesota State provides reporting options, an investigative and disciplinary process, prevention training, and other related services as appropriate.

Subpart A. Application of policy to students, employees, Board of Trustees and others

This policy applies to all Minnesota State students and employees, Board of Trustees and to others, as appropriate, where incidents of sexual violence on system property have been reported. Reports of sexual violence committed by a student at a location other than on system property are covered by this policy pursuant to the factors listed in Board Policy 3.6, Part 2. Reports of sexual violence committed by a system employee at a location other than system property are covered by this policy.

Reports of sexual violence committed on system property by individuals who are not students or employees are subject to appropriate actions by Minnesota State, including but not limited to pursuing criminal or civil action against them.

Allegations of discrimination or harassment are governed by Board Policy 1B.1.

Subpart B. College and university policies

Each Minnesota State college and university shall adopt a clear, understandable written policy on sexual violence that applies to its campus community, including but not limited to its students and employees. The policy content and implementation must be consistent with the standards in this policy and System Procedure 1B.3.1.

Part 2. Definitions.

The following definitions apply to this policy and System Procedure 1B.3.1.

Affirmative Consent

Consent is informed, freely given, and mutually understood willingness to participate in sexual activity that is expressed by clear, unambiguous, and affirmative words or actions. It is the responsibility of the person who wants to engage in sexual activity to ensure that the other person has consented to engage in the sexual activity. Consent must be present throughout the entire sexual activity and can be revoked at any time. If coercion, intimidation, threats, and/or physical force are used, there is no consent. If the complainant is mentally or physically incapacitated or impaired so that the complainant

cannot understand the fact, nature, or extent of the sexual situation, there is no consent; this includes conditions due to alcohol or drug consumption, or being asleep or unconscious. A lack of protest, absence of resistance, or silence alone does not constitute consent, and past consent to sexual activities does not imply ongoing future consent. The existence of a dating relationship between the people involved or the existence of a past sexual relationship does not prove the presence of, or otherwise provide the basis for, an assumption of consent. Whether the respondent has taken advantage of a position of influence over the complainant may be a factor in determining consent.

Dating, intimate partner, and relationship violence

Violence including physical harm or abuse, and threats of physical harm or abuse, arising out of a personal intimate relationship. This violence also may be called domestic abuse or spousal/partner abuse and may be subject to criminal prosecution under Minnesota law.

Employee

Any individual employed by Minnesota State, its colleges and universities and the system office, including student workers.

Non-forcible sex acts

Non-forcible acts include unlawful sexual acts where consent is not relevant, such as sexual contact with an individual under the statutory age of consent, as defined by Minnesota law, or between persons who are related to each other within degrees wherein marriage is prohibited by law.

Subpart B. Sexual assault

An actual, attempted, or threatened sexual act with another person without that person's affirmative consent. Sexual assault is often a criminal act that can be prosecuted under Minnesota law, as well as form the basis for discipline under Minnesota State student codes of conduct and employee disciplinary standards. Sexual assault includes but is not limited to:

1. Involvement without consent in any sexual act in which there is force, expressed or implied, or use of duress or deception upon the victim. Forced sexual intercourse is included in this definition, as are the acts commonly referred to as date rape or acquaintance rape. This definition also includes the coercing, forcing, or attempting to coerce or force sexual intercourse or a sexual act on another.
2. Involvement in any sexual act when the victim is unable to give consent.
3. Intentional and unwelcome touching of a person's intimate parts (defined as primary genital area, groin, inner thigh, buttocks, or breast); or coercing, forcing, or attempting to coerce or force another to touch a person's intimate parts.
4. Offensive sexual behavior directed at another, such as indecent exposure or voyeurism.

Sexual violence

A continuum of conduct that includes sexual assault, non-forcible sex acts, dating and relationship violence, stalking as well as aiding acts of sexual violence.

Stalking

Conduct directed at a specific person that is unwanted, unwelcome, or unreciprocated and that would cause reasonable people to fear for their safety or the safety of others or to suffer substantial emotional distress.

Student

All persons who:

1. Are enrolled in one or more courses, either credit or non-credit, through a college or university; or
2. Withdraw, transfer, or graduate after an alleged violation of the code of student conduct; or
3. Are not officially enrolled for a particular term but who have a continuing relationship with the college or university; or
4. Have been notified of their acceptance for admission or have initiated the process of application for admission or financial aid; or
5. Are not college or university employees and are not enrolled in the institution but live in a college or university residence hall.

System Property

The facilities and land owned, leased, or under the primary control of Minnesota State, its Board of Trustees, system office, colleges, and universities.

D. Minnesota State System Procedure 1B.3.1 Response to Sexual Violence and Title IX Sexual Harassment

Part 1. Purpose

This procedure provides a process through which individuals alleging sexual violence may pursue a complaint, pursuant to Board Policy 1B.3 Sexual Violence Policy prohibiting sexual violence.

This procedure is intended to protect the rights and privacy of both the complainant and respondent and other involved individuals, as well as to prevent retaliation and reprisal.

Part 2. Definitions

The definitions in Policies 1B.3 and 1B.1 also apply to this procedure.

Campus security authority

Campus security authority includes the following categories of individuals at a college or university:

1. A college or university security department;
2. Any individual who has campus security responsibilities in addition to a college or university security department;
3. Any individual or organization identified in a college or university security policy as an individual or organization to which students and employees should report criminal offenses;
4. An official of a college or university who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings; advisors to recognized student organizations; and athletic coaches. Professional counselors, whose official responsibilities include providing mental health counseling, and who are functioning within the scope of their license or certification, are not included in this definition.

Complainant

An individual who is alleged to be the victim of conduct that could constitute sexual harassment (as defined by Title IX).

Educational program or activity

Includes locations, events, or circumstances over which the college or university exercised substantial control over both the respondent and the context in which the sexual harassment (as defined by Title IX) occurs, and also includes any building owned or controlled by any officially recognized student organization of the college or university.

Formal complaint

A document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment (as defined by Title IX) against a respondent and requesting that the college or university investigate the allegation of sexual harassment. At the time of filing the formal complaint of sexual harassment (as

defined by Title IX), a complainant must be participating in or attempting to participate in the education program or activity of the college or university with which the formal complaint is filed.

Respondent

An individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment (as defined by Title IX).

Supportive measures

Non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or respondent before or after the filing of a formal Title IX complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the recipient's educational environment, or deter sexual harassment. Supportive measures may include, but are not limited to, counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

Title IX Coordinator

Employee(s) designated by the president to coordinate the college or university's efforts to comply with its Title IX responsibilities and Board Policies 1B.1 and 1B.3. A campus can delegate Title IX responsibilities to, for example, a deputy or deputies, and/or an investigator.

Title IX sexual harassment

For purposes of Title IX, sexual harassment means conduct on the basis of sex that occurs in a college or university's program or activity in the United States that satisfies one or more of the following:

1. An employee of the college or university conditioning the provision of an aid, benefit, or service of the recipient on an individual's participation in unwelcome sexual conduct.
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive and objectively offensive that it effectively denies a person equal access to the college or university's education program or activity; or
3. Sexual assault; dating, intimate partner, and relationship violence; and stalking as defined in Board Policy 1B.3

Part 3. Reporting Incidents of Sexual Violence

Subpart A. Prompt reporting encouraged

Complainants of sexual violence and sexual harassment (as defined by Title IX) may report incidents at any time, but are strongly encouraged to make reports promptly in order to best preserve evidence for a potential legal or disciplinary proceeding.

Complainants are strongly encouraged to report incidents of sexual violence to law enforcement for the location where the incident occurred. Complainants are also encouraged to contact the local victim/survivor services office, counseling and health care providers, campus Title IX coordinators, or Minnesota State Colleges and Universities campus security authorities for appropriate action.

Subpart B. Assistance in reporting

When informed of an alleged incident of sexual violence and sexual harassment (as defined by Title IX), all Minnesota State Colleges and Universities students and employees are urged to encourage and assist complainants, as needed, to report the incident to local law enforcement, local victim/survivor services, campus Title IX coordinator, or campus security authorities.

Campus security authorities, when informed of an alleged incident of sexual violence and sexual harassment (as defined by Title IX), shall promptly assist the complainant, as requested, including providing guidance in filing complaints with outside agencies, such as law enforcement; obtaining appropriate assistance from victim/survivor services or medical treatment professionals; and filing a complaint with the Title IX Coordinator.

When appropriate, Minnesota State Colleges and Universities may pursue legal action against a respondent, including, but not limited to, trespass or restraining orders, in addition to disciplinary action under the applicable student or employee conduct standard. A college or university may take actions it deems necessary or appropriate in response to all protection, restraining, or no-contact orders.

Subpart C. Required reports

Any campus security authority or any college or university employee with supervisory or student-advising responsibility who has been informed of an alleged incident of sexual violence and sexual harassment (as defined by Title IX), shall follow college or university procedures for making a report for the annual crime statistics report. In addition, the campus security authority or any college or university employee with supervisory or student-advising responsibility who has been informed of an alleged incident of sexual violence and sexual harassment (as defined by Title IX) shall report to the Title IX Coordinator, in order to initiate any applicable investigative or other resolution procedures.

Campus security authorities may be obligated to report to law enforcement the fact that a sexual assault has occurred, but the name of or other personally identifiable information about the complainant will be provided only with the consent of the complainant, except as may be required or permitted by law.

Subpart D. Mandatory reporting of abuse or neglect of children or vulnerable adults

Minnesota law provides special protection for children under 18 and vulnerable adults. These laws, Minnesota Statutes sections 626.556 and 626.557, identify those who are mandated to report neglect or abuse of children under 18 and maltreatment of vulnerable adults. Faculty, student teachers or clinical participants, day care personnel, and others involved in education or services to children or vulnerable adults may be considered mandated reporters under both of these laws. Reports of abuse

or neglect of a child or vulnerable adult, must be made to law enforcement or state or county social service agencies.

Part 4. Confidentiality of reporting

Confidential reports

Because of laws concerning government data contained in Minn. Stat. Ch. 13 Government Data Practices, colleges and universities cannot guarantee confidentiality to those who report incidents of sexual violence except where those reports are privileged communications with licensed healthcare professionals. Some off-campus reports also may be legally privileged by law, such as reports to clergy, private legal counsel, or healthcare professionals.

Part 5. Policy notices

Subpart A. Distribution of policy to students

Each college or university shall, at a minimum, at the time of registration make available to each student information about its sexual violence and sexual harassment (as defined by Title IX) policy and procedure), including its online reporting system that allows for anonymous reporting, and shall additionally post a copy of its policy and procedure at appropriate locations on campus and in appropriate handbooks at all times. A college or university may distribute its policy and procedure by posting on an Internet or Intranet website, provided all students are directly notified of how to access the policy by an exact address, and that they may request a paper copy.

Subpart B. Distribution of policy to employees

Colleges, universities, and the system office shall make available to all employees a copy of the sexual violence and sexual harassment (as defined by Title IX) policy and procedure. Distribution may be accomplished by posting on an Internet or Intranet website, provided all employees are directly notified of the exact address of the policy and procedure as well as the option of receiving a paper copy upon request.

Subpart C. Required notice

Each college or university shall have a sexual violence and sexual harassment (as defined by Title IX) policy, which must include the notice provisions in this part.

1. **Notice of Title IX Coordinator.** Each college and university must notify applicants for admission and employment, students, employees, and all unions holding collective bargaining agreements with the college or university of the name or title, office address, electronic mail address, and telephone number of the employee or employees designated as the Title IX Coordinator.
2. **Notice of non-discrimination.** Each college and university must notify applicants for admission and employment, students, employees and all unions holding collective bargaining agreements with the college and university that the college or university does not discriminate on the basis

of sex in the education program or activity that it operates, and that it is required by Title IX not to discriminate in such a manner. Inquiries about the application of Title IX may be referred to the Title IX Coordinator and/or to the United States Department of Education.

3. **Notice of complainant options**

Following a report of sexual violence the complainant must be promptly notified of:

- a. Where and how to obtain immediate medical assistance. Complainants should be informed that timely reporting and a medical examination within 72 hours are critical in preserving evidence of sexual assault and proving a criminal or civil case against a perpetrator. Complainants should be told, however, that they may report incidents of sexual violence at any time.
- b. Where and how to report incidents of sexual violence to local law enforcement officials, and/or appropriate college, university, or system contacts for employees, students, and others. Such contacts should be identified by name, location, and phone number for 24-hour availability, as applicable.
- c. Resources for where and how complainants may obtain on- or off-campus counseling, mental health, or other support services.

4. **Notice of complainant rights**

Complainants must be notified of the following:

- a. Their right to make a report with local law enforcement officials in sexual assault cases.
- b. Rights under the crime victims bill of rights, Minn. Stat. §§ 611A.01 – 611A.06, including the right to assistance from the Crime Victims Reparations Board and the commissioner of public safety.
- c. Availability of prompt assistance from campus officials, upon request, in notifying the appropriate campus investigating authorities and law enforcement officials, and, at the direction of law enforcement authorities, assistance in obtaining, securing, and maintaining evidence in connection with a sexual violence incident.
- d. Assistance available from campus authorities in preserving for a sexual violence complainant materials relating to a campus disciplinary proceeding.
- e. Complaints of incidents of sexual violence made to campus security authorities must be promptly and appropriately resolved.
- f. Upon a sexual assault complainant's request, the college, university, or system office may take action and other supportive measures to prevent unwanted contact with the alleged assailant, including, but not limited to, transfer of the complainant and/or the respondent to alternative classes, or to a work site or to alternative college-owned housing, if such alternatives are available and feasible.

- g. Upon request, students who reported sexual assaults to the college or university and subsequently chose to transfer to another college or university will be provided with information about resources for victims of sexual assault at the college or university to which the complainant is transferring.

Part 6. Investigation and Disciplinary Procedures

Subpart A. General principles

College and university investigation and disciplinary procedures concerning allegations of sexual violence and sexual harassment (as defined by Title IX) against employees or students must:

1. Be respectful of the needs and rights of individuals involved and treat them with dignity;
2. Not suggest the complainant was at fault for the sexual assault or should have behaved differently to prevent the assault;
3. Proceed as promptly as possible;
4. Permit a student complainant and a student respondent to have the same opportunity to have an appropriate support person or advisor present at any interview or hearing, in a manner consistent with the governing procedures and applicable data practices law;
5. Afford employees the right to representation consistent with the appropriate collective bargaining agreement or personnel plan;
6. Be conducted in accordance with applicable due process standards and privacy laws;
7. Simultaneously inform both the complainant and respondent of the outcome in a timely manner, as permitted by applicable privacy law.
8. Be based on a preponderance of evidence standard, meaning that it is more likely than not that the policy, procedure, or code has been violated.

The past sexual history of the complainant and respondent must be deemed irrelevant except as that history may directly relate to the incident being considered.

A respondent's use of any drug, including alcohol, judged to be related to an offense may be considered to be an exacerbating rather than mitigating circumstance.

Subpart B. Relationship to parallel proceedings

In general, college, university, and system office investigation and disciplinary procedures for allegations of sexual violence and sexual harassment (as defined by Title IX) will proceed independent of any action taken in criminal or civil courts. A college or university need not, and in most cases should not, delay its proceedings while a parallel legal action is ongoing. If a college or university is aware of a criminal proceeding involving the alleged incident, they may contact the prosecuting authority to coordinate when feasible. Criminal or civil court proceedings are not a substitute for college, university, and system office procedures.

Subpart C. Memorandum of understanding with local law enforcement

Each college or university shall enter into a memorandum of understanding with the primary law enforcement agencies that serve their campus(es). Prior to the start of each academic year, each college or university shall distribute an electronic copy of the MOU to all employees on the campus that are subject to the memorandum. Colleges and universities are exempt from the MOU requirement if they and local or county law enforcement agencies establish a sexual assault protocol team to facilitate effective cooperation and collaboration between the college or university and law enforcement.

Subpart D. False statements prohibited

Colleges, universities, and the system office take allegations of sexual violence and sexual harassment (as defined by Title IX) very seriously and recognize the consequences such allegations may have on a respondent as well as the complainant. Any individual who knowingly provides false information regarding the filing of a complaint or report of sexual violence, or who provides false information during the investigation of such a complaint or report, may be subject to discipline or, under certain circumstances, legal action. Complaints of conduct that are found not to violate policy are not assumed to be false.

Subpart E. Sanctions

Sanctions that may be imposed if a finding is made that sexual violence and sexual harassment (as defined by Title IX) has occurred include, but are not limited to, discipline up to and including suspension, or expulsion of students, or discipline, up to and including termination from employment, as provided in the applicable bargaining agreement or compensation plan, for employees. The appropriate sanction will be determined on a case-by-case basis, taking into account the severity of the conduct, the student's or employee's previous disciplinary history, and other factors as appropriate.

Witnesses or victims who report in good faith an incident of sexual violence will not be sanctioned by the college, university, or system office for admitting in the report to a violation of the student conduct policy on the use of alcohol or drugs.

Subpart F. Retaliation prohibited

Actions by a student or employee intended as retaliation, reprisal, or intimidation against an individual for making a complaint or participating in any way in a report or investigation under this policy are prohibited and are subject to appropriate disciplinary action.

Part 7. Investigation and Resolution

The college, university or system office has a duty to take timely and appropriate action to stop behavior prohibited by Board Policy 1B.3, conduct investigations and take appropriate action to prevent recurring misconduct.

Subpart A. Informal resolution

A college or university may offer an informal resolution process if a formal complaint is filed and after providing both parties a notice of allegations. The parties must voluntarily consent, in writing, to the

informal resolution process. At any time before agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the process with respect to the formal complaint. This procedure neither prevents nor requires the use of informal resolution by individuals who believe they have been subject to conduct in violation of Board Policy 1B.3. Informal resolution shall not be used to resolve allegations that an employee sexually harassed a student.

Subpart B. Information privacy

Confidentiality of information obtained during an investigation cannot be guaranteed; such information, however, will be handled in accordance with applicable federal and state data privacy laws.

Subpart C. Processing the complaint

The Title IX Coordinator must be contacted in order to initiate a complaint under this procedure. The Title IX Coordinator shall determine the process used in each complaint based on the complexity of the allegations, the number and relationship of individuals involved, and other pertinent factors.

1. **Jurisdiction.** The Title IX Coordinator shall:
 - a. determine whether the complaint is one which should be processed through another system office, college or university procedure available to the complainant;
 - b. if appropriate, direct the complainant to that procedure as soon as possible; and
 - c. for sexual harassment complaints, (as defined by Title IX), determine whether or not the complaint involves the education program or activity of the college or university and whether the incident occurred in the United States.
2. **Conflicts.** The Title IX Coordinator should identify to the president or chancellor/designee any real or perceived conflict of interest in proceeding as the Title IX Coordinator, for the decision-maker, and/or for any person designated to facilitate an informal resolution for a specific complaint. If the president or chancellor/designee determines that a conflict exists, another Title IX Coordinator, decision-maker, or person facilitating an informal resolution must be assigned.
3. **Information provided to complainant.** At the time the complaint is made, the Title IX Coordinator shall:
 - a. inform the complainant of the provisions of the Board Policy 1B.3 and this procedure;
 - b. provide a copy of or Web address for Board Policy 1B.3 and this procedure to the complainant;
 - c. determine whether other individuals are permitted to accompany the complainant during investigatory interviews and the extent of their involvement;
 - d. inform the complainant of the provisions of Board Policy 1B.3 prohibiting retaliation;
 - e. discuss the availability of supportive measures; and

- f. explain the process for filing a formal Title IX complaint
4. **Complaint documentation.** The Title IX Coordinator shall insure that the complaint is documented in writing. The Title IX Coordinator may request, but not require the complainant to document the complaint in writing using the complaint form of the system office, college or university.
 5. **Information provided to the respondent.** At the time initial contact is made with the respondent, the Title IX Coordinator shall inform the respondent in writing of the existence and general nature of the complaint and the provisions of the sexual violence policy, including the name of the complainant. At the initial meeting with the respondent, the Title IX Coordinator shall:
 - a. provide a copy of or Web address for Board Policy 1B.3 and this procedure to the respondent;
 - b. provide sufficient information to the respondent consistent with federal and state data privacy laws to allow the respondent to respond to the substance of the complaint;
 - c. explain to the respondent that in addition to being interviewed by the Title IX Coordinator, the respondent may provide a written response to the allegations;
 - d. determine whether other individuals are permitted to accompany the respondent during investigative interviews and the extent of their involvement;
 - e. discuss the availability of supportive measures;
 - f. inform the respondent of the provisions of Board Policy 1B.3 prohibiting retaliation; and
 - g. utilize the template notice of allegations.
 6. **Investigatory process.** The Title IX Coordinator shall:
 - a. conduct a fact-finding inquiry or investigation into the complaint, including appropriate interviews and meetings;
 - b. inform the witnesses and other involved individuals of the prohibition against retaliation;
 - c. create, gather and maintain investigative documentation as appropriate;
 - d. disclose appropriate information to others only on a need to know basis consistent with state and federal law, and provide a data privacy notice in accordance with state law;
 - e. handle all data in accordance with applicable federal and state privacy laws
 - f. include an objective evaluation of all relevant evidence – including both inculpatory and exculpatory evidence.

- g. Presume that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the investigation process.
- h. Not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.
- i. For formal Title IX complaints, before completing the investigation report, send to both the complainant and the respondent and their advisors, if any, the evidence subject to inspection and review. Both the complainant and the respondent must have at least ten (10) calendar days to submit a written response to the evidence, which the Title IX Coordinator will consider before completing the investigative report. Both parties and their advisors may use the information solely for purposes of proceedings pursuant to this policy.
- j. Create an investigative report that fairly summarizes relevant evidence and, at least ten (10) calendar days prior to a formal hearing, send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response.

7. **Interim actions**

- a. **Employee reassignment or administrative leave.** Under appropriate circumstances, the president or chancellor may, in consultation with system legal counsel and labor relations, reassign or place an employee on administrative leave at any point in time during the report/complaint process. In determining whether to place an employee on administrative leave or reassignment, consideration shall be given to the nature of the alleged behavior, the relationships between the parties, the context in which the alleged incidents occurred and other relevant factors. Any action taken must be consistent with the applicable collective bargaining agreement or personnel plan.
- b. **Student summary suspension or other action.** Under appropriate circumstances, the president or designee may summarily suspend a student at any point in time during the report/complaint process. A summary suspension may be imposed only in accordance with Board Policy 3.6 and associated system procedures. After the student has been summarily suspended, the report/complaint process should be completed within the shortest reasonable time period, not to exceed nine (9) class days. During the summary suspension, the student may not enter the campus or participate in any college or university activities without obtaining prior permission from the president or designee. Other temporary measures may be taken in lieu of summary suspension where the president or designee determines such measures are appropriate.

8. **No basis to proceed.** At any point during the processing of the complaint, the Title IX Coordinator may determine that there is no basis to proceed under Board Policy 1B.3. The Title IX Coordinator may refer the complaint as appropriate to other college or university officials. If the conduct alleged in the formal Title IX complaint would not constitute Title IX sexual harassment even if proved, did not occur in the college or university's education program or activity, or did not occur against a person in the United States, then the college or university must dismiss the formal complaint. The college or university may dismiss a formal Title IX complaint or any allegations therein any time during the investigation or hearing if a complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein; the respondent is no longer enrolled or employed by the college or university; or specific circumstances prevent the college or university from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein. The college or university must promptly notify both the complainant and the respondent of any dismissal.
9. **Timely completion.** Colleges, universities and the system office shall provide resources sufficient to complete the investigative process and issue a written response in a timely manner after a complaint is made, unless reasonable cause for delay exists. Reasonable cause may include considerations such as the absence of the party, a party's advisor or a witness; concurrent law enforcement activity or the need for language assistance or accommodation of disabilities. The Title IX Coordinator shall notify the complainant and respondent if the written response is not expected to be issued within a timely manner. The college, university or system office must meet any applicable shorter time periods, including those provided in the applicable collective bargaining agreement.

Subpart D. Decision process

If the above methods, including the informal resolution process, have not resolved the complaint within a reasonable period of time to the satisfaction of the Title IX Coordinator, the procedures in this subpart must be followed.

1. **Title IX Coordinator.** The Title IX Coordinator shall:
 - a. Prepare an investigation report.
 - b. Refer the matter for a formal hearing.
2. **Formal Hearing.** Formal hearings for Title IX sexual harassment complaints will be conducted by the Office of Administrative Hearings pursuant to the rules for administrative hearings. If either the complainant or respondent does not have an advisor for the formal hearing, the college or university must provide an advisor without fee or charge to the complainant or respondent. Colleges and Universities shall maintain a roster of advisors for this purpose. The role of the advisor for the respondent is to conduct cross-examination on behalf of the respondent. At the conclusion of the formal hearing, the administrative law judge will issue a written recommendation for a final decision made by the college or university decision-maker.

3. **Decision-maker.** After receiving the report and recommendation prepared by the administrative law judge, the decision-maker shall:
 - a. Decide whether the policy has been violated; and
 - b. On appropriate sanctions if the policy has been violated;
 - c. Issue a written determination that must include:
 1. identification of the allegations potentially violating this policy;
 2. a description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearing help;
 3. findings of fact supporting the determination;
 4. conclusions regarding application of the policy to the facts;
 5. a statement of, and rationale, for the result as to each allegation, including determination regarding responsibility, any disciplinary sanctions the college or university imposes on the respondent, and whether remedies designed to restore or preserve equal access to the college or university's education program or activity will be provided by the college or university to the complainant; and
 6. the college or university's procedures and permissible bases for the complainant and respondent to appeal.

The written determination may satisfy these elements by adopting portions of the report and recommendation. The decision-maker must provide the written determination to the parties simultaneously. The determination regarding responsibility becomes final either on the date that the college or university provides the parties with written determination of the result of the appeal; or if an appeal is filed; or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

The college, university, or system office shall take the appropriate corrective action based on results of the investigation, and the Title IX Coordinator shall make appropriate inquiries to ascertain the effectiveness of any corrective or disciplinary action. Complainants are encouraged to report any subsequent conduct that violates Board Policy 1B.3, as well as allegations of retaliation. Disciplinary action for students may include any sanctions the college or university imposes for any student conduct matters, up to and including expulsion. Disciplinary action for employees may include any discipline allowed under the applicable collective bargaining agreement or personnel plan, up to and including termination.

Written notice to parties relating to discipline, resolutions, and/or final dispositions resulting from the report/complaint process is deemed to be official correspondence from the college, university, or system office. In accordance with state law, the college, university, or system office is responsible for

filing the complaint disposition concerning complaints against employees with the Commissioner of Minnesota Management and Budget within 30 days of final disposition.

Part 8. Appeal

Subpart A. Filing an appeal

The complainant or the respondent may appeal the decision of the decision-maker. An appeal must be filed in writing with the president or designee within ten (10) calendar days after notification of the decision. The appeal must state specific reasons why the complainant or respondent believes the decision or sentence were improper. In a complaint against a president or other official who reports directly to the chancellor, an appeal may be considered by the chancellor whether or not the chancellor served as the decision-maker. In addition, for a formal Title IX complaint, both the complainant and respondent may appeal a dismissal of a formal complaint.

Subpart B. Appeal process

The president or designee shall review the record and determine whether to affirm or modify the decision. Grounds for appeal include procedural irregularity that affected the outcome, new evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made that could affect the outcome of the matter, and a conflict of interest or bias by the Title IX Coordinator, or decision-maker that affected the outcome of the matter. The president or designee may receive additional information if the president or designee believes such information would aid in the consideration of the appeal. The decision on appeal must be made within a reasonable time and the complainant, respondent and Title IX Coordinator must be notified in writing of the decision, consistent with applicable state and federal data privacy laws. The decision on appeal exhausts the complainant's and respondent's administrative remedies under this procedure except as provided herein.

Part 9. Education and Training

The colleges, universities, and system office shall provide education and training programs to promote awareness and prevent discrimination/harassment, such as educational seminars, peer-to-peer counseling, operation of hotlines, self-defense courses, and informational resources. Education and training programs should include education about Board Policy 1B.3 and this procedure. All colleges, universities, and the system office shall promote awareness of Board Policy 1B.3 and this procedure, and shall publicly identify the Title IX Coordinator. A college or university must ensure that Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution policy, received training on Title IX sexual harassment complaints. Any materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process on handling formal Title IX complaints must be made publicly available on the college or university's website.

Sexual Violence Prevention and Education

Subpart A. Campus-wide training

Colleges, universities, and the system office shall:

1. Include in their sexual violence policy a description of educational programs that they offer to students and employees to promote the awareness of sexual violence offenses, including sexual violence prevention measures and procedures for responding to incidents;
2. Provide training on awareness of sexual violence prevention measures and procedures for responding to incidents of sexual violence. At a minimum, all incoming students and all new employees must be provided with this training;
3. Emphasize in their educational programs the importance of preserving evidence for proof of a criminal offense, safe and positive options for bystander intervention, and information on risk reduction to recognize warning signs of abusive behavior and risk associated with the perpetration of sexual violence.

Subpart B. Other training and education

Colleges and universities and affiliated student organizations are encouraged to develop educational programs, brochures, posters, and other means of information to decrease the incidence of sexual violence and advise individuals of the legal and other options available if they are the complainants of an incident or if they learn of such an incident.

Subpart C. Training for individuals charged with decision-making authority

Prior to serving as either an investigator or decision-maker for complaints under this procedure, administrators shall complete investigator or decision-maker training provided by the system office.

Investigators/decision-makers, campus security officers, and anyone else involved in the adjudication process must receive annual training on the issues related to domestic violence, dating violence, sexual assault, and stalking and how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.

Part 10. Maintenance of Report/Complaint Procedure Documentation

During and upon the completion of the complaint process, the complaint file must be maintained in a secure location in the office of the Title IX Coordinator for the college, university or system office, for a period of seven (7) years, in accordance with the applicable records retention schedule. Access to data must be in accordance with the respective collective bargaining agreement or personnel plan, the Minnesota Government Data Practices Act, the Family Educational Rights and Privacy Act, and other applicable law. Information on reports of incidents of sexual violence that are made to campus security authorities must be documented in accordance with the Jeanne Clery disclosure of Campus Security and Campus Crime Statistics Act, codified at 20 U.S.C. § 1092 (f). The information will be used to report campus crime statistics on college and university campuses as required by the Clery Act.

Each college, university and the system office shall annually report statistics on sexual assaults to the Minnesota Office of Higher Education. Additionally, the report must be published on each college and university website in accordance with state law.

E. Minnesota State’s Access and Accommodation for Individuals with Disabilities Policy, 1B.4

Part 1. Policy Statement.

Minnesota State Colleges and Universities is committed to ensuring its programs, services and activities are accessible to individuals with disabilities, through its compliance with state and federal laws. The system recognizes that individuals with disabilities may need accommodations to have equally effective opportunities to participate in or benefit from the system's programs, services and activities.

Part 2. Definitions. An individual with a disability:

Subpart A. An individual with a disability:

1. Any person who has a physical or mental impairment which materially limits one or more of the person's major life activities.
2. Any person who has a record of such impairment which means that a person has a history of or has been classified as having a mental or physical impairment that materially limits one or more major life activities.

Subpart B. Qualified individual with a disability. An individual who, with or without reasonable modifications to rules, policies, or practices, the removal of architectural, communication, or transportation barriers, or the provision of auxiliary aids and services, meets the essential eligibility requirements for receipt of services or participation in a system office, college, or university program or activity. Essential eligibility requirements include, but are not limited to, academic and technical standards requisite to admission or participation in an education program or activity.

Subpart C. Personal devices and services may include wheelchairs; individually prescribed devices, such as prescription eyeglasses or hearing aids; readers for personal use or study; or services of a personal nature including assistance in eating, toileting, or dressing.

Part 3. General Access Policy.

Colleges, universities and the system office shall provide access to programs, services and activities to qualified individuals with known disabilities as required by law. An individual requesting an accommodation may be required to provide documentation of eligibility for the accommodation.

Part 4. Availability and Notice.

Colleges, universities, and the system office shall post notices to the public in an accessible format stating 1) prohibition against discrimination on the basis of disability, and 2) contact information for

the person designated to provide information about or respond to requests for reasonable accommodation.

Part 5. Reasonable Accommodations.

Subpart A. Programs, Services, and Activities. Colleges, universities and the system office shall make reasonable accommodations to ensure access to programs, services, and activities as required by law. Access means that a qualified individual with a disability will not be excluded from participation in or be denied the benefits of the programs, services, or activities, nor will the individual be subjected to discrimination. Reasonable accommodations may include modifications to: rules, policies, or practices; the removal of architectural, communication, or transportation barriers; provision of auxiliary aids or the provision of equally effective programs, services, or activities. In accordance with the Americans with Disabilities Act, accommodations will not be provided 1) for personal devices or services even though the individual may be a qualified individual with a disability, or 2) that result in a fundamental alteration in the nature of a service, program, or activity or in undue financial or administrative burdens.

Subpart B. Employment. System Procedure 1B.0.1, Reasonable Accommodations in Employment, applies to accommodation requests by employees and applicants for employment.

Part 6. Offered and/or Sponsored Services or Activities for Qualified Students with Disabilities

Colleges and universities have a responsibility to provide a qualified student with a disability access to services and activities that are operated or sponsored by the institution or that receive significant assistance from the institution. Such access shall be provided in a reasonable manner as required by law. At a minimum, the following must be available to qualified students with disabilities:

1. support, counseling, and information services that may include support groups, individual counseling, career counseling and assessment, and referral services;
2. academic assistance services that may include assistive devices, early registration services, early syllabus availability, course selection, program advising, course work assistance, testing assistance and modification, and tutoring; and
3. coordination services that may include personnel acting on the student's behalf and serving as the primary contact and coordinator for students needing services, assistance in working individually with faculty and administrators, intervention procedures, and grievance procedures.

Part 7. Process.

Each college and university shall establish a process for an individual with a disability to request an accommodation to access the institution's programs, services, or activities consistent with state and

federal laws. The process for individuals with disabilities to request an accommodation must, at a minimum include the following:

- a. Provide the requesting individual with a copy of Board Policy 1B.4.
- b. Assignment and identification of a staff member responsible for making a determination about the request for accommodation or the delivery of services.
- c. Provide a process for appealing a denial of a request for accommodation.

F. Minnesota State’s Reasonable Accommodations in Employment System Procedure, 1B.0.1

Part 1. Purpose. This procedure sets forth the process to be used for responding to requests for reasonable accommodations in employment based on an applicant's or employee's disability. The scope of this procedure is limited to reasonable accommodations and is not intended to fully describe other provisions of the Americans with Disabilities Act or the Minnesota Human Rights Act.

Part 2. Reasonable Accommodations in Employment. It is the policy of MnSCU to encourage the employment and promotion of any qualified individual including qualified individuals with disabilities. The system office, college or university will not discriminate in providing reasonable accommodations to qualified individuals with a disability in regard to job application procedures, hiring, advancement, discharge, employee compensation, job training or other terms, conditions, and privileges of employment.

Part 3. Definitions. For purposes of this procedure, the following terms have the meaning given them.

Subpart A. Employer: The employer is the system office, college or university.

Subpart B. Essential Functions: Essential functions are the fundamental job duties of the position in question. The term does not include the marginal functions of the position.

1. A job function may be considered essential for any of several reasons, including but not limited to the following:

- a. The function may be essential because the reason the position exists is to perform that function;

- b. The function may be essential because of the limited number of employees available among whom the performance of that job function can be distributed; and/or

- c. The function may be highly specialized so that the incumbent in the position is hired for his or her expertise or ability to perform the particular function.

1. Evidence of whether a particular function is essential includes, but is not limited to:

- a. The employer's judgment as to which functions are essential;

- b. Written job descriptions;

- c. The amount of time spent on the job performing the function;

- d. The consequences of not requiring the incumbent to perform the function;
- e. The terms of a collective bargaining agreement;
- f. The work experience of past incumbents in the job; and/or
- g. The current work experience of incumbents in similar jobs.

Subpart C. Individual with a Disability: An individual with a disability for the purposes of determining reasonable accommodations is any applicant, current employee, including student employees, or employees seeking promotion, who has a physical or mental impairment which substantially or materially limits one or more of such individual's major life activities. Generally, a disabling physical or mental condition which is expected to be temporary and from which the individual is expected to recover is not a disability under this procedure.

Subpart D. Qualified Individual with a Disability: A qualified individual with a disability is an individual with a disability who meets the requisite skill, education, experience and other job-related requirements of the job and who, with or without reasonable accommodation, can perform the essential functions of the job.

Subpart E. Reasonable Accommodations: A reasonable accommodation is a modification or adjustment to a job or employment practice or the work environment that enables a qualified individual with a disability to perform the essential functions of the job as identified at the time of the reasonable accommodation request and to access equal employment opportunities. Reasonable accommodations may also include those things which make a facility and its operations readily accessible to and usable by individuals with disabilities. Under the law, the employer has a responsibility to make reasonable accommodations for individuals with a disability only if the disability is known and it is not an undue hardship under Part 6, Subpart C.

Part 4. Identification of Assigned Staff Member. The system office, and each college and university shall assign and identify a staff member responsible for administering requests for reasonable accommodations.

Part 5. Right to Representation. In accordance with applicable collective bargaining agreement language, employees may have the right to request and receive union representation during the reasonable accommodations process.

Part 6. Providing Reasonable Accommodations.

Subpart A. Job Relatedness. Reasonable accommodations will be provided only for job-related needs of individuals with a disability. The primary factor in evaluating an accommodation's job

relatedness is whether the accommodation specifically assists the individual to perform the essential functions of the job as identified at the time of the reasonable accommodation request. If the requested accommodation is primarily for the benefit of the individual with a disability to assist that individual in daily personal activities, the employer is not required to provide the accommodation. The appropriate reasonable accommodation is best determined through a flexible, interactive process that involves both the employer and the qualified individual with a disability; it may include the appropriate union representative as provided by the applicable collective bargaining agreement.

Subpart B. Essential Functions. The system office, college or university may deny employment or advancement in employment based on the inability of an individual with a disability to perform the essential functions of the job and may decline to make accommodations to the physical or mental needs of an employee or job applicant with a disability if:

- a. the accommodation would impose an undue hardship on the system office, college or university as provided under Subpart C.; or
- b. the individual with a disability, with or without reasonable accommodations, is not qualified to perform the essential functions of that particular job; or
- c. having the individual in the job would create a direct threat because of a significant risk to the health and safety of the individual or others and the risk cannot be eliminated by reasonable accommodation.

Subpart C. Undue Hardship: In determining whether providing a reasonable accommodation would impose an undue hardship on the employer, the factors to be considered include:

1. The nature and net cost of the accommodation needed;
2. The overall financial resources of the employer involved in the provision of the reasonable accommodation, the number of persons employed, and the effect on expenses and resources;
3. The overall financial resources of the employer, the overall size of the business of the employer with respect to the number of its employees, and the number, type and location of its facilities;
4. The type of operation or operations of the employer, including the composition, structure and functions of the workforce, and the geographic separateness and administrative or fiscal relationship of the employer in question to the covered entity; and
5. The impact of the accommodation upon the operation of the employer, including the impact on the ability of other employees to perform their duties and the impact on the employer's ability to conduct business.

Subpart D. Documentation. Documentation of a disability is required as part of the reasonable accommodation process unless the nature and extent of the disability is already known to the

employer, or as a practical matter, the requested accommodation is minimal and the employer makes modifications for its convenience, regardless of whether the employee or applicant meets the requirements for a reasonable accommodation under this procedure.

Subpart E. Choice of Accommodations. The employer is not required to provide the specific accommodation requested by the individual and may choose an effective accommodation which is less expensive or easier to provide. Accommodations provided to the individual are the financial responsibility of the employer.

Subpart F. Request Process. The system office, colleges and universities are responsible for establishing a process for individuals with disabilities to make requests for reasonable accommodations in compliance with the Americans with Disabilities Act or the Minnesota Human Rights Act. Such process should include the following:

1. MnSCU policy statement and definitions;
2. Assignment and identification of a staff member responsible for administering requests for reasonable accommodations;
3. Provide a process for appealing a reasonable accommodations decision.

Part 7. Application. Nothing in this procedure is intended to expand, diminish or alter the provisions of the Americans with Disabilities Act or the Minnesota Human Rights Act.

J. Evacuation Procedure for Individuals with Disabilities or Otherwise in Need of Assistance

HENNEPIN TECHNICAL COLLEGE EVACUATION PROCEDURES FOR INDIVIDUALS WITH DISABILITIES

Hennepin Technical College's "Emergency Operations Plan" can be found by contacting Public Safety at 952-995-1525. See **Other Relevant Information** section below for the *Severe Weather Shelter Areas & Area of Rescue Assistance Evacuation Maps (Brooklyn Park & Eden Prairie and the Law Enforcement & Criminal Justice Education Center)*.

Evacuation of Individuals with Physical Limitations: Hennepin Technical College procedures require that all persons on campus evacuate the building each time the fire alarm system is activated. During an active fire alarm, the campus elevators may not be used. A building evacuation might also be initiated by the college president, senior administrator, or designee in response to an incident that could jeopardize the safety of all building occupants. Severe weather warnings would result in the evacuation of the second floor, with staff, faculty, students and visitors evacuating to the identified severe weather safe areas on the lower floors. Once an evacuation has been initiated it is the responsibility of the faculty, department supervisors, Public Safety and Campus Emergency Response team members to alert Deaf or hard of hearing students/staff, and to assist all individuals with special assistance needs to evacuate the building safely.

Knowledge and preparation are key to reducing the impact of emergencies for all persons with or without special needs or disabilities. When developing a plan, safety needs should be determined on a case-by-case basis because they vary with each individual and building.

If you are a person with a disability utilizing Hennepin Technical College's campus, you are asked to take responsibility in developing your own personal emergency evacuation plan. If you are a Hennepin Tech student, the Disabilities Services Director on each campus will work with you to develop your plans and consult appropriate campus resources. If you are not working with our Disability Services offices, contact Director of Public Safety - 952-995-1525.

Disability Services Director: Hilary Dahlman, 763-995-1544 or hilary.dahlman@hennepintech.edu

Evacuation Options:

Persons with special needs and/or disabilities have four basic evacuation options when the alarm or evacuation order is made:

- **Same Level Evacuation:** use building exits to the outside ground level or go into an unaffected area of the campus.
- **Stairway Evacuation:** use steps to reach ground level exits from the building.
- **Shelter in Place:** unless danger is imminent, remain in a room with an exterior window, a telephone and a solid or fire-resistant door. If you are an individual requiring special evacuation

assistance and remain in place, you should dial 911 immediately and report your location to emergency service personnel, who will in turn relay that information to on-site responders. This approach may be more appropriate for sprinkler protected buildings (each HTC campus is sprinkler equipped) where an area of rescue assistance is not nearby or available. It may also be more appropriate for an occupant who is alone when the alarm sounds.

- **Area of Rescue Assistance:** if you are a person with a disability, you can move to an identified safe area while awaiting evacuation. *These areas are located on floors above or below the buildings' exits and you should remain there until rescued by emergency responders.*

Hennepin Technical College has identified the following Areas of Rescue Assistance on each campus (*See attached Maps*).

Eden Prairie/Brooklyn Park

The 2nd Floor Elevator Lobby Corridor (between stairwells G2 and H2).
The Basement Elevator Lobby (at stairwell G3).

Law Enforcement & Criminal Justice Education Center

The 2nd Floor Elevator Lobby (at stairwell B).

A. Evacuation Procedures for Individuals with Mobility, Hearing, or Visual Disabilities:

Individuals with disabilities should follow the following procedures:

- **If you use a wheelchair**
Persons using wheelchairs should be accompanied to an area of rescue assistance by faculty or staff, or shelter in place when the alarm sounds. Public Safety and Campus Emergency Response team staff will respond to each of the areas of rescue assistance every time a building evacuation is initiated to inform emergency responders of how many individuals need assistance to safely evacuate.
- **If you have reduced mobility but are able to walk**
Persons with reduced mobility who are able to walk independently may be able to negotiate stairs in an emergency with minor assistance. If danger is imminent, the individual should wait until the heavy traffic has cleared before attempting the stairs. If there is no immediate danger (detectable smoke, fire or unusual odor), the person with a disability may choose to wait at the area of rescue assistance until emergency responders arrive to assist them.
- **If you are Deaf or hard of hearing**
Each Hennepin Technical College campus is equipped with fire alarm horns/strobes that sound the alarm and flash strobe lights. The strobe lights are for Deaf or hard of hearing persons. Persons with a hearing loss may not notice or hear emergency alerts and will need to be notified of emergency situations. During fire alarms and severe weather warnings, Public Safety and Campus Emergency Response team staff will verify evacuation via a room by room search.

- **If you are blind or have low vision**

Each Hennepin Technical College campus is equipped with fire alarm horn/strobes that sound the alarm and flash strobe lights. The horn is for persons who are blind or low vision. Most people who are blind or low vision will be familiar with their immediate surroundings and frequently traveled routes. Since the emergency evacuation route is likely to be different from the commonly traveled route, persons with low vision may need assistance in evacuating. The assistant should offer assistance to the individual and guide him or her through the evacuation route.

B. Severe Weather Evacuation Options:

Persons with special needs and/or disabilities have three evacuation options based on their location in the building:

- **Same Level Evacuation:** If you are located in the basement or on the first floor, severe weather shelter areas are located throughout those floors.
- **Elevator Evacuation:** If you are located on the second floor, there are no severe weather shelter areas on that floor. You are permitted to use the elevator to evacuate the second floor.
- **Shelter in Place:** If you are located in a designated severe weather shelter area, remain there until the all clear is used.

A copy of the college's weather and emergency evacuation plans can be obtained by calling Hennepin Technical College Public Safety at 952-995-1525 and paper copies are available at the security desk at each campus.

Definitions of Terms Used in This Affirmative Action Plan

Applicant: "Applicant" means a person who has satisfied the minimum requirements for application established by the commissioner of management and budget ([M.S. 43A.02, subd. 4](#)).

Availability: an estimated percentage of qualified females, racial/minorities, or individuals with disabilities in the relevant labor market who are available for positions in a given job category at a state College. The final availability is determined by considering two factors: the statistics from the outside labor market and the internal state College workforce for the Affirmative Action Plan year.

Connect 700 (C700) Program: an alternative, non-competitive selection process for individuals whose disabilities prevent them from demonstrating their skills in a standard competitive selection process. If selected, this program allows eligible individuals to demonstrate their skills in an on-the-job trial work experience of up to 700 hours. See [Minnesota Statutes, section 43A.15, subdivision 14](#).

Feeder job: staffed positions within the College that can be promoted and/or transferred into other EEO job categories.

Hiring goal: a numerical objective designed to correct an identified deficiency in the utilization of protected group members. For example, the professional job category has identified underutilization and the availability is 30%, the goal (or hiring goal) for females in the job category is for 30% of the new hires/rehires and promotions for that Affirmative Action Plan year would be females. Goals/hiring goals should never be implemented as quotas, nor should they be used as criteria in decision-making regarding qualifications.

Job category: a group of jobs that are linked by a common purpose and skill set (or sometimes certificates/educational degrees) and are grounded on the job categories identified by the U.S. Equal Employment Opportunity Commission (EEOC).

Labor market area/Reasonable recruitment area: a geographic area in which an College is seeking a worker in a particular goal unit and where there is an available supply of workers employed or seeking jobs in that goal unit.

Promotion: the appointment of an employee to a position in a class assigned to a salary range which is two or more steps higher at the maximum than the employee's current job class or which requires an increase of two or more steps to pay the employee at the minimum of the new range.

Protected groups: females, persons with disabilities, veterans, and members of the following minorities: Black, Hispanic, Asian or Pacific Islander, and American Indian or Alaskan Native ([M.S. 43A.02, subd. 33](#)).

Snapshot: one particular point in time. A snapshot of a workforce is taken at one particular point in time as the basis for Affirmative Action Plan analyses because the workforce numbers are always fluctuating.

Supported Work Program: The state legislature established the program in 1987 to expand employment opportunities for people with significant disabilities. but has been expanded to include individuals who experience other significant disabilities, including, but not limited to, head injury, mental illness, and deaf blindness. Under the program, a supported worker must require ongoing support and may share a single position with up to two other supported work employees.

Underutilization: the representation of females Minors, racial/ethnic minorities, or individuals with disabilities in a specific job category is less than reasonably would be expected given from workforce participation in the labor market area.
