## 2021 Fall Scholarships Awarded

The Hennepin Technical College Foundation offers a variety of resources to assist with paying for education. These resources (grants and scholarships) are available to both new and returning students and, unlike loans, do not need to be paid back.

Funded through contributions from alumni, faculty and staff, community members, and partner organizations, the Hennepin Technical College Foundation awarded grants and scholarships totaling more than \$400,000 during the 2020/2021 academic year including Workforce Development Scholarships, made possible by the Minnesota State Legislature.
