ECON2300	Principles of Macroeconomics	3
PHIL2500	World Religions	3

Choose a Total of: 3 Credits

Graduation (60 Credits)

60 credits completed with a 2.8 GPA or better

Criminal Background Studies: Minnesota law requires that any person who provides services that involve direct contact with children, patients, and residents at a health or child care facility licensed by the State of Minnesota must have a background study conducted by the state. Individuals with specified felony convictions are prohibited from having direct contact with children, patients, and residents of licensed facilities. Anyone refusing to cooperate in the criminal background study cannot participate in coursework that requires direct contact with children, patients or residents. Students who are disqualified from having direct patient/resident/child contact will not be able to participate in coursework which includes a practical experience. Therefore, completion of coursework for the program major will not be possible without documentation of a cleared background study.
