Faculty & Staff,

Thank you to everyone who received a COVID-19 vaccination or supported the cause at the vaccination clinics during last week's Rock the Registration events. The Eden Prairie campus clinic had 95 participants and Brooklyn Park clinic had 154 for **a total of 249 vaccinations administered!** A special thanks to our event partners - Black Nurses Rock and Sylvia Saboutey at the Minnesota Department of Health. We couldn't have done it without them!

Black Nurses Rock/MDH partnered to offer incentives for participation; vaccinated people received a \$50 Visa gift card per person and \$25 Visa gift card per referral. HTC also held a prize drawing for HTC staff, faculty, and students who received a shot at the vaccination clinic. The funds for the random name drawing were made available from federal stimulus institutional funds.

Congratulations to our HTC winners!
